You should rely only on the information contained in this SAI and the Prospectus dated July 2, 2018. The Company has not authorized others to provide additional information. This SAI is not an offer to sell securities in any state or jurisdiction where the offering cannot legally be made. This SAI applies to the Institutional Class and Service Class shares of the Fund. The shares of the other series of the Company are offered in separate prospectuses and a separate SAI.

FUND ORGANIZATION

The Company is an open-end management investment company, commonly referred to as a mutual fund. The Company was organized as a Maryland corporation on May 24, 1996. Effective October 31, 2014, the Company changed its name from Frontegra Funds, Inc. to Frontier Funds, Inc.

The Fund is a non-diversified series of the Company. The Company may offer separate series of shares representing interests in separate portfolios of securities, and the shares in any one series may be offered in separate classes. Currently, the Company offers six separate series. The Board of Directors of the Company (the “Board”) has established three classes of shares of common stock: Institutional Class, Service Class and Class Y. The Company is authorized to issue 2,000,000,000, \$.01 par value, shares of common stock in series and classes. The number of shares authorized for each of the Company’s series and classes discussed is set forth in the table below.

<u>Series/Class of Common Stock</u>	<u>Number of Authorized Shares</u>
Frontier Timpani Small Cap Growth Fund	
Institutional Class	50,000,000
Service Class	50,000,000
Class Y	50,000,000
Frontier Phocas Small Cap Value Fund	
Institutional Class	100,000,000
Service Class	50,000,000
Frontier MFG Core Infrastructure Fund	
Institutional Class	50,000,000
Service Class	50,000,000
Frontier MFG Global Equity Fund	
Institutional Class	100,000,000
Service Class	50,000,000
Frontier MFG Global Plus Fund	
Institutional Class	100,000,000
Service Class	50,000,000
Class Y	50,000,000
Frontier MFG Select Infrastructure Fund	
Institutional Class	50,000,000
Service Class	50,000,000

The assets belonging to each series are held separately by the custodian, U.S. Bank, N.A., and if the Company issues additional series, each additional series will be held separately. In effect, each series will be a separate fund. However, there is a risk, generally considered remote, that one series of the Company could be liable for the liabilities of one or more other series of the Company.

Each share of common stock, irrespective of series or class, is entitled to one vote on all questions, except that certain matters must be voted on separately by the series or class of shares affected, and matters affecting only one series or class are voted upon only by that series or class. Shares have non-cumulative voting rights. Each share of common stock is entitled to participate in distributions of

investment company taxable income and net capital gain as determined by the Board. Each share of common stock is entitled to the residual assets of the respective series in the event of liquidation. Shares have no preemption, conversion or subscription rights.

FUND POLICIES: FUNDAMENTAL AND NON-FUNDAMENTAL

The investment objective of the MFG Select Infrastructure Fund is to seek attractive risk-adjusted returns over the medium- to long-term, while reducing the risk of permanent capital loss. The Fund's investment objective may be changed without shareholder approval.

The following is a complete list of the Fund's fundamental investment limitations that cannot be changed without shareholder approval, which requires the approval of a majority of the Fund's outstanding voting securities. As used herein, a "majority of the Fund's outstanding voting securities" means the lesser of (i) 67% of the shares of common stock of the Fund represented at a meeting at which more than 50% of the outstanding shares are present, or (ii) more than 50% of the outstanding shares of common stock of the Fund.

The Fund:

1. May (i) borrow money from banks and (ii) make other investments or engage in other transactions permissible under the Investment Company Act of 1940, as amended (the "1940 Act"), which may involve a borrowing, provided that the combination of (i) and (ii) shall not exceed 33-1/3% of the value of the Fund's total assets (including the amount borrowed), less the Fund's liabilities (other than borrowings). The Fund may also borrow money from other Frontier Funds or other persons to the extent permitted by applicable law.
2. May not issue senior securities, except as permitted under the 1940 Act.
3. May not act as an underwriter of another issuer's securities, except to the extent the Fund may be deemed to be an underwriter within the meaning of the Securities Act of 1933, as amended (the "Securities Act") in connection with the purchase and sale of portfolio securities.
4. May not purchase or sell physical commodities unless acquired as a result of ownership of securities or other instruments (but this limitation shall not prevent the Fund from purchasing or selling options, futures contracts, or other derivative instruments, or from investing in securities or other instruments backed by physical commodities).
5. May not make loans if, as a result, more than 33-1/3% of the Fund's total assets would be lent to other persons, except through (i) purchases of debt securities or other debt instruments or (ii) engaging in repurchase agreements.
6. May not purchase the securities of any issuer if, as a result, more than 25% of the Fund's total assets would be invested in the securities of issuers, the principal business activities of which are in the same industry, except that the Fund will invest more than 25% of the value of its total assets in companies operating in infrastructure-related industries.
7. May not purchase or sell real estate unless acquired as a result of ownership of securities or other instruments (but this limitation shall not prohibit the Fund from purchasing or selling

securities or other instruments backed by real estate or of issuers engaged in real estate activities).

8. May, notwithstanding any other fundamental investment policy or restriction, invest all of its assets in the securities of a single open-end management investment company with substantially the same fundamental investment objective, policies, and restrictions as the Fund.

With respect to the Fundamental Investment Limitation No. 1, “applicable law” refers to the 1940 Act and the regulations adopted thereunder.

With the exception of the investment restriction set out in item 1 above, if a percentage restriction is adhered to at the time of investment, a later increase in percentage resulting from a change in market value of the investment or the total assets will not constitute a violation of that restriction.

The following are the Fund’s non-fundamental operating policies which may be changed by the Board without shareholder approval.

The Fund may not:

1. Sell securities short, unless the Fund owns or has the right to obtain securities equivalent in kind and amount to the securities sold short or unless it covers such short sale as required by the current rules and positions of the Securities and Exchange Commission (the “SEC”) or its staff, and provided that transactions in options, futures contracts, options on futures contracts, or other derivative instruments are not deemed to constitute selling securities short.
2. Purchase securities on margin, except that the Fund may obtain such short-term credits as are necessary for the clearance of transactions, and provided that margin deposits in connection with futures contracts, options on futures contracts, or other derivative instruments shall not constitute purchasing securities on margin.
3. Invest in illiquid securities if, as a result of such investment, more than 15% of its net assets would be invested in illiquid securities, or such other amounts as may be permitted under the 1940 Act.
4. Purchase securities of other investment companies except in compliance with the 1940 Act.
5. Invest all of its assets in the securities of a single open-end investment management company with substantially the same fundamental investment objective, restrictions and policies as the Fund.
6. Engage in futures or options on futures transactions, except in accordance with Rule 4.5 under the Commodity Exchange Act (the “CEA”).
7. Borrow money, except (i) from banks or (ii) through reverse repurchase agreements or mortgage dollar rolls, and will not purchase securities when bank borrowings exceed 5% of its total assets.
8. Make any loans other than loans of portfolio securities, except through (i) purchases of debt securities or other debt instruments, or (ii) engaging in repurchase agreements.

9. Make any change in its investment policy of investing a minimum percentage of its net assets in the investments suggested by the Fund's name without first providing shareholders of the Fund with at least 60 days' notice.
10. Borrow money from other Frontier Funds unless it has received an exemptive order from the SEC permitting such practice.

With respect to non-fundamental operating policy item 3 above, on or about December 1, 2018, in connection with the implementation of new SEC Rule 22e-4, this 15% limitation shall apply to illiquid investments that are "assets" (i.e., investments that have positive values).

With the exception of the policy set out in item 3 above, if a percentage restriction is adhered to at the time of investment, a later increase or decrease in percentage resulting from a change in market value of the investment or the total assets will not constitute a violation of that restriction.

INVESTMENT POLICIES AND TECHNIQUES

The following information supplements the discussion of the Fund's principal investment strategies, policies and techniques that are described in the Prospectus and also provides information about investment strategies that are not principal strategies.

Global Market Conditions

U.S. and international markets have experienced volatility in recent years. Global economies and financial markets are increasingly interconnected, which increases the possibility that conditions in one country or region might adversely impact issuers in a different country or region.

Convertible Securities and Preferred Stocks

As a non-principal investment strategy, the Fund may invest in convertible securities, which are debt obligations convertible into or exchangeable for equity securities or debt obligations that carry with them the right to acquire equity securities, as evidenced by warrants attached to such securities, or acquired as part of units of the securities. As a non-principal investment strategy, the Fund may also invest in preferred stocks, which are securities that represent an ownership interest in a corporation and that give the owner a prior claim over common stock on the company's earnings or assets.

Concentration

The Fund has adopted a fundamental investment policy that prohibits the Fund from investing more than 25% of its assets in the securities of companies the principal business activities of which are in the same industry, except the Fund will invest more than 25% of the value of its total assets in companies operating in infrastructure-related industries. The 25% limit does not apply to securities in which the Fund may invest that are issued by other investment companies, or to securities issued or guaranteed by the U.S. government, any state or territory of the U.S., its agencies, instrumentalities, or political subdivisions. For purposes of this policy, Frontegra Asset Management, Inc. ("Frontegra" or the "Adviser"), in consultation with the subadviser to the Fund, Magellan Asset Management Limited doing business as MFG Asset Management ("MFG Asset Management"), determines the industry classifications of the Fund's investments using industry data obtained from third-party statistical organizations. In the absence of such a classification for a particular issuer, MFG Asset Management may provide an industry classification. Alternately, MFG Asset Management or the Adviser may classify

a particular issuer in good faith based on its own analysis of the economic or other relevant characteristics affecting the issuer.

Depository Receipts

As a non-principal investment strategy, the Fund may invest in foreign securities by purchasing depository receipts, including American Depository Receipts (“ADRs”), Global Depository Receipts (“GDRs”) and European Depository Receipts (“EDRs”), or other securities convertible into securities or issuers based in foreign countries. ADRs include American Depository shares. These securities may not necessarily be denominated in the same currency as the securities into which they may be converted. Generally, ADRs in registered form are denominated in U.S. dollars and are designed for use in the U.S. securities markets, while GDRs and EDRs, in bearer form, may be denominated in other currencies and are designed for use in non-U.S. securities markets. ADRs are receipts typically issued by a U.S. bank or trust company evidencing ownership of the underlying securities. GDRs and EDRs are receipts with a non-U.S. bank evidencing a similar arrangement. For purposes of the Fund’s investment policies, ADRs, GDRs and EDRs are deemed to have the same classification as the underlying securities they represent. Thus, an ADR, GDR or EDR representing ownership of common stock will be treated as common stock.

ADR facilities may be established as either “unsponsored” or “sponsored.” While ADRs issued under these two types of facilities are in some respects similar, there are distinctions between them relating to the rights and obligations of ADR holders and the practices of market participants. A depository may establish an unsponsored facility without participation by (or even necessarily the acquiescence of) the issuer of the deposited securities, although typically the depository requests a letter of non-objection from such issuer prior to the establishment of the facility. Holders of unsponsored ADRs generally bear all the costs of such facilities. The depository usually charges fees upon the deposit and withdrawal of the deposited securities, the conversion of dividends into U.S. dollars, the disposition of non-cash distributions, and the performance of other services. The depository of an unsponsored facility frequently is under no obligation to distribute shareholder communications received from the issuer of the deposited securities or to pass through voting rights to ADR holders in respect of the deposited securities. Sponsored ADR facilities are created in generally the same manner as unsponsored facilities, except that the issuer of the deposited securities enters into a deposit agreement with the depository. The deposit agreement sets out the rights and responsibilities of the issuer, the depository and the ADR holders. With sponsored facilities, the issuer of the deposited securities generally will bear some of the costs relating to the facility (such as dividend payment fees of the depository), although ADR holders continue to bear certain other costs (such as deposit and withdrawal fees). Under the terms of most sponsored arrangements, depositories agree to distribute notices of shareholder meetings and voting instructions, and to provide shareholder communications and other information to the ADR holders at the request of the issuer of the deposited securities.

Exchange-Traded Funds and Other Investment Companies

As a non-principal investment strategy, the Fund may invest in securities issued by exchange traded funds (“ETFs”) and other investment companies within the limits prescribed by the 1940 Act in furtherance of its investment objective and principal strategies. With certain exceptions, Section 12(d)(1) of the 1940 Act precludes the Fund from acquiring (i) more than 3% of the total outstanding shares of another investment company; (ii) shares of another investment company having an aggregate value in excess of 5% of the value of the total assets of the Fund; or (iii) shares of another registered investment company and all other investment companies having an aggregate value in excess of 10% of the value of the total assets of the Fund. The Fund may invest in money market mutual funds or securities of other investment companies investing in short-term debt securities as a temporary strategy, pending reinvestment or when attractive equity investments are unavailable. The Fund may invest its assets in

ETFs that hold international equities, including the securities of one or more emerging market companies. The Fund may also purchase ETFs that invest in companies that have particular market capitalizations, that are in specific industries and economic sectors and that comprise various equity indices. The Fund may also purchase ETFs that make investments linked to alternative asset classes and related indices, such as commodities, currencies, real estate, hedging strategies and private equity. The Fund may acquire ETFs as a means of investing cash temporarily in instruments that may generate returns comparable to the Fund's benchmark index. As an owner of an ETF, mutual fund or another investment company, the Fund bears, along with other shareholders, a pro-rata portion of the other investment company's expenses, including advisory fees, and such fees and other expenses will be borne indirectly by the Fund's shareholders. These expenses would be in addition to the advisory and other expenses that the Fund bears directly in connection with its own operations.

Foreign Investment Companies

As a non-principal investment strategy, the Fund may invest in foreign investment companies. Some of the securities in which the Fund invests may be located in countries that may not permit direct investment by outside investors. Investments in such securities may only be permitted through foreign government-approved or -authorized investment vehicles, which may include other investment companies. Investing through such vehicles may involve frequent or layered fees or expenses and may also be subject to limitation under the 1940 Act. Under the 1940 Act, the Fund may invest up to 10% of its assets in shares of investment companies and up to 5% of its assets in any one investment company as long as the investment does not represent more than 3% of the voting stock of the acquired investment company.

Foreign Securities and Currencies

The Fund will invest directly in securities of non-U.S. companies as part of its principal investment strategy. The Fund defines non-U.S. companies as companies that are organized under the laws of a foreign country; whose principal trading market is in a foreign country; or that have a majority of their assets or that derive a significant portion of their revenue or profits from businesses, investments or sales outside the United States. For purposes of the revenue component of this definition, the Fund's subadviser, MFG Asset Management, determines revenue as "Earnings Before Interest and Taxes" (EBIT) or revenue from business, investments or sales outside the United States, each as derived from sources such as company filings, third party data and other inputs deemed reliable.

Investments in securities of foreign issuers involve risks which are in addition to the usual risks inherent in domestic investments. In many countries there is less publicly available information about issuers than is available in the reports and ratings published about companies in the U.S. Additionally, foreign companies are not subject to uniform accounting, auditing and financial reporting standards as are companies in the U.S. Other risks inherent in foreign investment include: expropriation; confiscatory taxation; capital gains taxes; withholding taxes on dividends and interest; less extensive regulation of foreign brokers, securities markets and issuers; costs incurred in conversions between currencies; the possibility of delays in settlement in foreign securities markets; limitations on the use or transfer of assets (including suspension of the ability to transfer currency from a given country); the difficulty of enforcing obligations in other countries; diplomatic developments; and political or social instability. Foreign economies may differ favorably or unfavorably from the U.S. economy in various respects, and many foreign securities are less liquid and their prices are more volatile than comparable U.S. securities. From time to time, foreign securities may be difficult to liquidate rapidly without adverse price effects. Certain costs attributable to foreign investing, such as custody charges and brokerage costs, are higher than those attributable to domestic investing.

In addition, the Fund may purchase and sell foreign currency on a spot basis and may engage in forward currency contracts, currency options and futures transactions for hedging or any other lawful purpose. Forward currency transactions are over the counter contracts to purchase or sell a specified amount of a specified currency or multinational currency unit at a price and future date set at the time of the contract. Spot foreign exchange transactions are similar but require current, rather than future, settlement.

Because most foreign securities are denominated in non-U.S. currencies, the investment performance of the Fund could be affected by changes in foreign currency exchange rates to some extent. The value of the Fund's assets denominated in foreign currencies will increase or decrease in response to fluctuations in the value of those foreign currencies relative to the U.S. dollar. Currency exchange rates can be volatile at times in response to various political and economic conditions.

Furthermore, the United States imposes a 30% withholding tax, which is generally non-refundable, on certain payments to "foreign financial institutions" and certain "non-financial foreign entities," which could therefore affect the Fund's return on a foreign security that in turn receives payments from the U.S.

Illiquid Securities

The Fund may invest in illiquid securities (i.e., securities that are not readily marketable) as a non-principal investment strategy. On or about December 1, 2018, in connection with the implementation of the SEC's new liquidity risk management rule, the term "illiquid security" will be defined as a security which the Fund reasonably expects cannot be sold or disposed of in current market conditions in seven calendar days or less without the sale or disposition significantly changing the market value of the security. The Fund will not acquire illiquid securities if, as a result, such securities would comprise more than 15% of the value of the Fund's net assets. For purposes of this restriction as of the date of this SAI, illiquid securities include, but are not limited to, restricted securities (securities the disposition of which is restricted under the federal securities laws), securities which may only be resold pursuant to Rule 144A under the Securities Act, principal only mortgage-backed securities issued by private issuers and repurchase agreements with maturities in excess of seven days. Rule 144A securities may be treated as liquid securities if they meet the criteria in the Fund's liquidity guidelines and related SEC guidance. Under the Fund's guidelines in effect as of the date of this SAI, the Board or its delegate has the ultimate authority to determine, to the extent permissible under the federal securities laws, which securities are liquid or illiquid for purposes of this 15% limitation. The Board has delegated the day-to-day determination of the liquidity of any security to the Adviser and MFG Asset Management. The Board has directed the Adviser and MFG Asset Management to look to factors including, but not limited to: the frequency of trades and quotes for the security; the willingness of dealers to undertake to make a market in the security; the nature of the market for a security (including the time needed to dispose of the security); corporate buy back ability; short interest in the security; political, economic and other regulatory factors; company-specific fundamental and non-fundamental news; settlement practices, registration procedures, limitations on currency conversion or repatriation, and transfer limitations (for foreign securities); and any other information deemed relevant. On or about December 1, 2018, the Fund will be subject to guidelines set forth in the Company's liquidity risk management program, which may differ from the guidelines discussed above.

Initial Public Offerings

The Fund may purchase stock in an initial public offering ("IPO") as a non-principal investment strategy. An IPO is a company's first offering of stock to the public, typically to raise additional capital. Shares are given a market value reflecting expectations for the company's future growth. The market for

these securities may be more volatile and entail greater risk of loss than investments in larger companies due to the absence of a prior public market, unseasoned trading, a limited number of shares available for trading, lack of information about the issuer and limited operating history. The purchase of IPO shares may involve high transaction costs. Because of the price volatility of IPO shares, the Fund may choose to hold IPO shares for a very short period of time. This may increase the turnover of the Fund's portfolio and may lead to increased expenses to the Fund, such as commissions and transaction costs. In addition, the Adviser or MFG Asset Management cannot guarantee continued access to IPOs.

Investment Grade Debt Obligations

As a non-principal investment strategy, the Fund may invest in investment grade debt obligations, which include: (i) U.S. government securities; (ii) commercial paper rated in one of the three highest rating categories (e.g., A-3 or higher by S&P); (iii) short-term notes rated in one of the three highest rating categories (e.g., A-3 or higher by S&P); (iv) bonds rated in one of the four highest rating categories (e.g., BBB or higher by S&P); and (v) unrated securities determined by a subadviser to be of comparable quality. Investment grade securities are generally believed to have relatively low degrees of credit risk. However, certain investment grade securities may have some speculative characteristics because their issuers' capacity for repayment may be more vulnerable to adverse economic conditions or changing circumstances than that of higher-rated issuers.

Lending of Portfolio Securities

The Fund is authorized to lend up to 33 1/3% of its total assets to broker-dealers or institutional investors, but only when the borrower maintains with the Fund's custodian bank collateral either in cash or money market instruments in an amount at least equal to the market value of the securities loaned, plus accrued interest and dividends, determined on a daily basis and adjusted accordingly. However, the Fund does not presently intend to engage in such lending. In determining whether to lend securities to a particular broker-dealer or institutional investor, the portfolio manager will consider, and during the period of the loan will monitor, all relevant facts and circumstances, including the creditworthiness of the borrower. The Fund will retain authority to terminate any loans at any time. The Fund may pay reasonable administrative and custodial fees in connection with a loan and may pay a negotiated portion of the interest earned on the cash or money market instruments held as collateral to the borrower or placing broker. The Fund will receive reasonable interest on the loan or a flat fee from the borrower and amounts equivalent to any dividends, interest or other distributions on the securities loaned. The Fund will retain record ownership of loaned securities to exercise beneficial rights, such as voting and subscription rights and rights to dividends, interest or other distributions, when retaining such rights is considered to be in the Fund's interest. Payments in lieu of dividends received by the Fund on the loaned securities are not treated as "qualified dividend income" for tax purposes.

Line of Credit

The Fund may borrow money from banks to the extent allowed (as described above under "Fund Policies: Fundamental and Non-Fundamental") to meet shareholder redemptions. The Fund may enter into a line of credit with a bank in order to provide short-term financing, if necessary, in connection with shareholder redemptions.

Master Limited Partnerships (MLPs)

As a non-principal investment strategy, the Fund may invest in MLPs. An MLP is an investment that combines the tax benefits of a limited partnership with the liquidity of publicly-traded securities. An investment in MLP interests involves some risks that differ from investments in the common stock of a

corporation. Holders of MLP interests have limited control on matters affecting the partnership. The tax benefits of investing in MLPs is largely dependent on the MLPs being treated as partnerships for federal income tax purposes.

Repurchase Agreements

As a non-principal investment strategy, the Fund may enter into repurchase agreements with certain banks or non-bank dealers. In a repurchase agreement, the Fund buys a security at one price, and at the time of sale, the seller agrees to repurchase the obligation at a mutually agreed upon time and price (usually within seven days). The repurchase agreement, thereby, determines the yield during the purchaser's holding period, while the seller's obligation to repurchase is secured by the value of the underlying security. The Adviser or MFG Asset Management, as applicable, will monitor, on an ongoing basis, the value of the underlying securities to ensure that the value always equals or exceeds the repurchase price plus accrued interest. Repurchase agreements could involve certain risks in the event of a default or insolvency of the other party to the agreement, including possible delays or restrictions upon the Fund's ability to dispose of the underlying securities. Although no definitive creditworthiness criteria are used, the portfolio manager reviews the creditworthiness of the banks and non-bank dealers with which the Fund enters into repurchase agreements to evaluate those risks. The Fund may, under certain circumstances, deem repurchase agreements collateralized by U.S. government securities to be investments in U.S. government securities.

Restricted Securities

Restricted securities may be sold only in privately negotiated transactions or in a public offering with respect to which a registration statement is in effect under the Securities Act. Where registration is required, the Fund may be obligated to pay all or part of the registration expenses and a considerable period may elapse between the time of the decision to sell a security and the time the Fund may be permitted to sell a security under an effective registration statement. If, during such a period, adverse market conditions were to develop, the Fund might obtain a less favorable price than that which prevailed when it decided to sell. Restricted securities will be priced at fair value as determined in good faith in accordance with methodologies approved by the Board.

Utilities Companies

The Fund invests in utilities companies as part of its principal investment strategy. Utilities companies in which the Fund may invest generally are involved in the generation, transmission, sale or distribution of electric energy; distribution, purification and treatment of water; or production, transmission or distribution of oil or natural gas. The Fund may be susceptible to adverse economic or regulatory occurrences affecting the utilities industry. Investing in utilities companies may involve additional risks, such as high interest costs in connection with capital construction and improvement programs; difficulty in raising capital; unfavorable government rate regulation; risks regulated to environmental and other regulatory compliance costs; negative effectives of an economic slowdown or recession; and increased competition from other utilities providers.

Utilities companies may be subject to regulation by various governmental authorities and may be subject to special tariffs and changes in tax laws, regulatory policies and accounting standards. In addition, there are substantial differences between regulations that apply among different jurisdictions and agencies. Changes in climate can also negatively affect the financial condition of utility companies.

Portfolio Turnover

The Fund’s portfolio investments may be sold for a variety of reasons, such as a more favorable investment opportunity, market conditions or other factors. A high rate of portfolio turnover (over 100%) may involve correspondingly greater transaction costs to the Fund and its shareholders. High portfolio turnover may result in the realization of capital gains, including short-term capital gains, taxable to shareholders at ordinary income rates.

DIRECTORS AND OFFICERS

Under the laws of the State of Maryland, the Board is responsible for managing the Company’s business and affairs. The Board also oversees duties required by applicable state and federal law.

The directors and officers of the Company, together with information as to their principal business occupations during the last five years and other information, are shown below. William D. Forsyth III (indicated with an asterisk*) is deemed to be an “interested person” of the Fund, as defined in the 1940 Act, due to his ownership interest in and positions with Frontegra and his position with Frontegra Strategies, LLC. The information in the table is as of the date of this SAI.

Independent Directors

<u>Name, Address and Year of Birth</u>	<u>Position(s) Held with Company</u>	<u>Term of Office and Length of Time Served</u>	<u>Principal Occupation(s) During Past Five Years</u>	<u>Number of Funds in Complex Overseen by Director</u>	<u>Other Directorships Held by Director</u>
David L. Heald 400 Skokie Boulevard Suite 500 Northbrook, Illinois 60062 Year of Birth: 1943	Lead Independent Director; Chair, Audit Committee	Indefinite; since June 1996	Mr. Heald previously served as a principal and a director of Consulting Fiduciaries, Inc. (“CFI”) from 1994 to 2011 when he retired. CFI was a registered investment adviser that provided professional, independent, fiduciary decision making, consultation and alternative dispute resolution services to ERISA plans, plan sponsors and investment managers. Between April 1994 and August 1994, Mr. Heald engaged in the private practice of law. From August 1992 until April 1994, Mr. Heald was a managing director and the chief administrative officer of Calamos Asset Management, Inc., a registered investment adviser specializing in convertible securities, and he served as an officer and director of CFS Investment Trust, a registered investment company comprised of four series. From January 1990 until August 1992, Mr. Heald was a partner in the Chicago based law firm of Gardner, Carton & Douglas.	6	None
Steven K. Norgaard 400 Skokie Boulevard Suite 500 Northbrook, Illinois 60062 Year of Birth: 1964	Independent Director	Indefinite; since October 2013	Mr. Norgaard has been an attorney with Steven K. Norgaard, P.C. since 1994. From 1990 to 1994, he was an attorney at McDermott, Will & Emery.	6	Boulder Growth & Income Fund, Inc.

<u>Name, Address and Year of Birth</u>	<u>Position(s) Held with Company</u>	<u>Term of Office and Length of Time Served</u>	<u>Principal Occupation(s) During Past Five Years</u>	<u>Number of Funds in Complex Overseen by Director</u>	<u>Other Directorships Held by Director</u>
James M. Snyder 400 Skokie Boulevard Suite 500 Northbrook, Illinois 60062 Year of Birth: 1947	Independent Director; Chair, Nominating Committee	Indefinite; since May 2002	Mr. Snyder is a private investor and chairman of a family foundation. Mr. Snyder served as an investment professional with Northern Trust from June 1969 until his retirement in June 2001. He served in a variety of capacities at Northern Trust, including as Chief Investment Officer, Executive Vice President of Northern Trust and Vice Chairman of Northern Trust Global Investments. Mr. Snyder has earned the right to use the Chartered Financial Analyst (CFA) designation.	6	IronBridge Funds, Inc. (with oversight of three portfolios)

Ms. Dilworth has also served as Chief Compliance Officer of the Distributor since August 2008.	N/A	N/A

Board Leadership Structure

Under the laws of the State of Maryland, the Board is responsible for managing the Company's business and affairs. The Board also oversees duties required by applicable state and federal law. The Board exercises its duties of oversight through regular quarterly meetings and special meetings called pursuant to applicable state and federal law. The Board is responsible for approving all significant agreements between the Company and companies that furnish services to the Company. Directors are elected and serve until their successors are elected and qualified.

The Board is comprised of three independent directors, Mr. Heald, Mr. Norgaard and Mr. Snyder, and one interested director, Mr. Forsyth. Mr. Heald is the lead independent director. The Board has not designated a chairman. As President of the Company, Mr. Forsyth is the presiding officer at all meetings of the Board in the absence of a designated chairman. As President, Mr. Forsyth serves as Chief Executive Officer of the Company. In the event the Board was to designate a chairman, the Chairman of the Board would preside at each meeting of the Board and have general supervision of the business of the Company and its officers. Given the size of the Board and the ability of the independent directors to provide input on meeting agendas, together with the regular executive sessions of the independent directors and the annual Board self-assessment, the Board believes that the current structure is working effectively. Accordingly, the Board has determined that its leadership structure is appropriate and effective in light of the size of the Company, the nature of its business and industry practices.

The Board has two standing committees – an Audit Committee and a Nominating Committee. Pursuant to its charter, the Audit Committee: oversees the accounting and financial reporting policies and procedures of the Company and each of its series; oversees the Company's internal control over financial reporting and disclosure controls and procedures; oversees the quality, objectivity and integrity of the Company's financial statements and the independent audit thereof; monitors the independent auditor's qualifications, independence and performance; and is responsible for the appointment, compensation and oversight of the Company's independent auditor. The three independent directors – Mr. Heald, Mr. Norgaard and Mr. Snyder – form the Audit Committee. Mr. Heald is the Chairman of the Audit Committee. Because the Fund is new, the Audit Committee has not met with respect to the Fund as of the date of this SAI.

The Nominating Committee is responsible for selecting and nominating candidates for election to the Board, including identifying, as necessary, new candidates who are qualified to serve as directors of the Company and recommending to the Board the candidates for election to the Board. The Nominating Committee will consider nominees recommended by shareholders. Shareholders should submit recommendations in writing to the President of the Company. At a minimum, the recommendation should include: the name, address and business, educational and/or other pertinent background of the person being recommended; a statement concerning whether the person is an "interested person" of the Company as defined in the 1940 Act; any other information the Fund would be required to include in a proxy statement if the person was nominated; and the name and address of the person submitting the recommendation, together with the number of shares of the Fund held by such person and the period for which shares were held. The Committee is also responsible for reviewing the compensation of the independent directors and implementing the Company's retirement policy. The three independent directors – Mr. Heald, Mr. Norgaard and Mr. Snyder – form the Nominating Committee. Mr. Snyder is the Chairman of the Nominating Committee. Because the Fund is new, the Nominating Committee has not met with respect to the Fund as of the date of this SAI.

The Board's role is one of oversight rather than management. Management of the Fund is overseen by Fund officers, including the President and Chief Compliance Officer ("CCO"), who regularly report to the Board on a variety of matters at meetings of the Board. The Adviser reports to the Board, on

a regular and as-needed basis, on actual and possible risks affecting the Fund and the Company as a whole. The Adviser and MFG Asset Management report to the CCO and/or the Board on various elements of risk, including investment, credit, liquidity, valuation, operational and compliance risks, as well as any overall business risks that could impact the Fund and the Company.

The Board has appointed the CCO who reports directly to the independent directors. The CCO attends all Board meetings and presents an annual report to the Board in accordance with the Company's compliance policies and procedures. The CCO, together with the Company's President, regularly discuss risk issues affecting the Company during Board meetings. The CCO also provides updates to the Board on the operation of the Company's compliance policies and procedures and on how these procedures are designed to mitigate risk. The CCO also reports to the Board in the event any material risk issues arise in between Board meetings. Additionally, the Board reviews information reported to the Board or Fund management by the Adviser, MFG Asset Management and service providers to the Frontier Funds regarding various compliance, investment, business and other risk management issues.

Director Qualifications

The following is a brief discussion of the experience, qualifications, attributes and/or skills that led to the Board's conclusion that each individual identified below is qualified to serve as a director of the Company.

William D. Forsyth III. Mr. Forsyth has served as a director of the Company since founding the Company in 1996. He founded Frontegra in 1996 and serves as President. He also is President of the Distributor and is President and a partner of Frontier Partners, a consulting/marketing firm, established in 1993. Mr. Forsyth has served as Executive Chairman of North American Operations, MFG Asset Management, since February 5, 2018. Mr. Forsyth brings significant business, distribution, regulatory and investment experience to the Board, as well as institutional knowledge about Frontegra and the Frontier Funds.

David L. Heald. Mr. Heald has served as a director of the Company since 1996 and as lead independent director since 2011. Mr. Heald has served as Chair of the Audit Committee since 2009. Mr. Heald previously served as principal and director of Consulting Fiduciaries, Inc., which was a registered investment adviser. Prior to this position, Mr. Heald served in different leadership capacities at Calamos Asset Management, Inc., a registered investment adviser, and at CFS Investment Trust, a registered investment company. He also engaged in the private practice of law for several years. Mr. Heald brings significant financial, accounting, legal, regulatory and investment experience to the Board, as well as institutional knowledge about the Frontier Funds as the Company's longest-serving independent director.

Steven K. Norgaard. Mr. Norgaard has served as a director of the Company since 2013. Mr. Norgaard is an attorney and certified public accountant. Since 1994, he has been an attorney with the law firm Steven K. Norgaard, P.C. Prior to starting his own law firm, he was an attorney at McDermott, Will & Emery. In addition, he serves as an independent director on the Board of Directors of the Boulder Growth & Income Fund, Inc. and currently serves as audit committee chairman. He has also served on the Board of Directors of ATG Trust Company since 2007 and currently serves as board chairman. Mr. Norgaard has served on the Board of Directors of Attorneys' Title Guaranty Fund, Inc. since 2012 and currently serves as the audit committee chairman. Prior to March 2015, Mr. Norgaard had also served as an independent director of the Boulder Total Return Fund, Inc., the Denali Fund, Inc., and the First Opportunity Fund, Inc., each a closed-end mutual fund, until those funds reorganized into the Boulder Growth & Income Fund, Inc. Mr. Norgaard brings significant financial, accounting, legal, regulatory and investment experience to the Board, as well as other directorship experience.

James M. Snyder. Mr. Snyder has served as a director of the Company since 2002. Mr. Snyder has served as Chair of the Nominating Committee since 2013. Mr. Snyder previously served as an investment professional with Northern Trust for over thirty years, and retired as Executive Vice President and Chief Investment Officer. Additionally, Mr. Snyder serves as the independent chair on the Board of Directors of another investment company. Mr. Snyder brings significant financial, business, regulatory and investment experience to the Board, as well as other directorship experience.

Board Ownership and Compensation

The following table sets forth the dollar range of Fund shares beneficially owned by each director in the Fund and the Frontier family of Funds as of December 31, 2017, stated using the following ranges: none, \$1-\$10,000, \$10,001-\$50,000, \$50,001-\$100,000, or over \$100,000.

<u>Name of Director</u>	<u>MFG Select Infrastructure Fund</u>	<u>Aggregate Dollar Range of Equity Securities Beneficially Owned in Frontier Family of Funds⁽²⁾</u>
William D. Forsyth III ⁽¹⁾	None	Over \$100,000
David L. Heald	None	Over \$100,000
James M. Snyder	None	Over \$100,000
Steven K. Norgaard	None	None

(1) This director is deemed an “interested person” as defined in the 1940 Act.

(2) The Frontier Funds currently consist of six separate series. The “Aggregate Dollar Range of Equity Securities Beneficially Owned in the Frontier Family of Funds” includes shares beneficially owned by each director in the Fund and the other series of the Company, which are offered in a separate SAI.

As the Fund is new, officers and directors of the Company, as a group, did not own any outstanding shares of the Fund as of the date of this SAI.

Directors and officers of the Company who are also officers, directors, employees or shareholders of the Adviser do not receive any remuneration from the Fund for serving as directors or officers. Accordingly, Mr. Forsyth and Ms. Dilworth do not receive any remuneration from the Fund for their services as director and officer, respectively. Ms. Dilworth receives compensation from Frontegra for her services as CCO of the Company. From time to time, the Fund may pay compensation services to an outside consulting firm for compliance-related services in support of Ms. Dilworth’s position as CCO. Neither the Company nor the Fund maintain any deferred compensation, pension or retirement plans, and no pension or retirement benefits are accrued as Company or Fund expenses. Because the Fund is new, the following table provides estimates of compensation expected to be paid to Mr. Heald, Mr. Snyder and Mr. Norgaard for their services as directors of the Company for the fiscal year ending June 30, 2018:

<u>Name of Director</u>	<u>MFG Select Infrastructure Fund</u>	<u>Total Compensation from Fund and Fund Complex⁽¹⁾</u>
William D. Forsyth III ⁽²⁾	\$0	\$0
David L. Heald	\$10,000	\$58,000 ⁽³⁾
James M. Snyder	\$10,000	\$58,000 ⁽³⁾
Steven K. Norgaard	\$10,000	\$58,000 ⁽³⁾

⁽¹⁾ The Frontier Funds currently consist of six separate series. The “Total Compensation from Fund and Fund Complex” includes compensation paid by the other series of the Company, offered in a separate SAI, as well as compensation received from two former series of the Company that were reorganized.

⁽²⁾ Mr. Forsyth is deemed an “interested person” as defined in the 1940 Act.

⁽³⁾ The independent directors may invest their compensation in shares of the Fund.

CODES OF ETHICS

The Company, Frontegra, Timpani Capital Management LLC (“Timpani”) (the adviser to another series of the Company offered in a separate SAI), the Distributor and Frontier have adopted a Code of Ethics under Rule 17j-1 of the 1940 Act. The Code of Ethics governs all employees and other supervised persons of the Company, Frontegra, Timpani, the Distributor and Frontier. The Code of Ethics is based upon the principle that directors, officers and employees of the Company, Frontegra, Timpani, the Distributor and Frontier have a fiduciary duty to place the interests of clients (including the Fund and its shareholders) above their own. The Code of Ethics addresses compliance with federal securities laws, gifts and personal trading and reporting.

The Code of Ethics permits access persons (as defined in the Code of Ethics) to buy or sell securities for their own accounts, including securities that may be purchased or held by the Fund, subject to certain restrictions. The Code of Ethics requires access persons to pre-clear most transactions in permitted investments. It also requires access persons (other than independent directors of the Fund) to report transactions to Frontegra’s and Timpani’s Chief Compliance Officer. Independent directors are required to report certain transactions to the Fund’s administrator, U.S. Bancorp Fund Services, LLC. Moreover, access persons (other than independent directors of the Fund) are required, on an annual basis, to disclose all securities holdings to the Chief Compliance Officer.

MFG Asset Management has adopted a Code of Ethics and Personal Trading Policy that govern all directors, officers, employees contractors and all other persons who are subject to supervision and control of MFG (collectively, “MFG Supervised Persons”). The Personal Trading Policy permits MFG Supervised Persons to buy and sell securities for their own accounts subject to certain restrictions. The Personal Trading Policy requires MFG Supervised Persons to pre-clear all transactions with MFG Asset Management compliance personnel. In addition, MFG Supervised Persons and other access persons are required to disclose all securities holdings and to submit quarterly transaction reports.

PRINCIPAL SHAREHOLDERS

As the Fund is new, no persons owned of record or are known by the Company to own of record or beneficially 5% or more of the outstanding shares of the Fund as of the date of this SAI.

INVESTMENT ADVISER AND SUBADVISER

Investment Adviser

Frontegra is the investment adviser to the Fund. William D. Forsyth III currently owns 100% of Frontegra and is President of Frontegra and the Company with the ownership structure scheduled to change as a consequence of a proposed transaction described under “Recent Events” (as defined below, the “Transaction”). Mr. Forsyth is considered a control person of Frontegra due to his ownership of and position with Frontegra. See “Directors and Officers” for Mr. Forsyth’s positions with Frontegra. Upon closing of the Transaction, Frontier North America Holdings, Inc. (“FNAH”) and Magellan Financial Group Limited will each become a control person of Frontegra.

The investment advisory agreement (the “Frontegra Advisory Agreement”) has an initial term of two years from the date of the respective amendment relating to the Fund and is required to be approved annually by the Board or by vote of a majority of the Fund’s outstanding voting securities (as defined in the 1940 Act). Each annual renewal must also be approved by the separate vote of the Company’s independent directors, cast in person at a meeting called for the purpose of voting on such approval. The Frontegra Advisory Agreement is terminable without penalty, on 60 days’ written notice by the Board, by vote of a majority of the Fund’s outstanding voting securities or by Frontegra, and will terminate automatically in the event of its assignment.

Under the terms of the Frontegra Advisory Agreement, Frontegra supervises the management of the Fund’s investments and business affairs, subject to the supervision of the Board. At its expense, Frontegra provides office space and all necessary office facilities, equipment and personnel for servicing the investments of the Fund. As compensation for its advisory services under the Frontegra Advisory Agreement, the Fund pays Frontegra, on a monthly basis, an annual management fee of 0.80% of the average daily net assets (“ADNA”) of the Fund

The Transaction will result in a change of control of Frontegra and an “assignment” of the Frontegra Advisory Agreement. An investment advisory agreement automatically terminates upon its “assignment” under the applicable provisions of the 1940 Act. The Fund’s shareholders of record as of the record date will be asked to approve of a new investment advisory agreement at a special meeting of shareholders to be held in 2018. The new investment advisory agreement is expected to be substantially the same as the Frontegra Advisory Agreement.

Pursuant to an expense cap agreement between Frontegra and the Company, on behalf of the Fund, Frontegra contractually agreed to waive its management fee and/or reimburse the Fund to ensure that the total operating expenses for the Fund (excluding acquired fund fees and expenses), as a percentage of the ADNA of such Fund, is 0.80% and 0.95% for the Institutional Class and Service Class shares, respectively.

The expense cap agreement for the Institutional Class and Service Class shares of the Fund will continue in effect until October 31, 2020, with successive renewal terms of one year unless terminated by Frontegra or the Company prior to any such renewal. Pursuant to the Frontegra Advisory Agreement, Frontegra can recoup any expenses or fees it has waived or reimbursed within a three-year period, if the expense ratios in those future years are less than the limits specified above and less than the limits in

effect at that future time. However, the Fund is not obligated to pay any such waived fees more than three years after the end of the fiscal year in which the fees were waived or reimbursed.

Subadviser

MFG Asset Management is a wholly owned subsidiary of Magellan Financial Group Limited, a company listed on the Australian Securities Exchange. Frontegra has entered into a subadvisory agreement under which MFG Asset Management serves as the subadviser to the Fund and, subject to Frontegra's supervision, manages the Fund's portfolio assets. Under the agreement, MFG Asset Management is paid the net advisory fee received by Frontegra with respect to the Fund less an annual flat fee retained by Frontegra; provided, however, if the net advisory fee is less than such flat fee, Frontegra shall retain the entire net advisory fee and no subadvisory fee will be payable to MFG Asset Management. In addition, MFG Asset Management has agreed to pay for, or reimburse Frontegra for, as applicable, all fees and expenses related to the organization of the Fund and any expense reimbursements made by Frontegra pursuant to the expense cap agreement, and all amounts paid by Frontegra to financial intermediaries for sub-transfer agent and other administrative services. William D. Forsyth III, the President of Frontegra, holds a small ownership position in Magellan Financial Group Limited and a minority interest in FNAH, a majority-owned subsidiary of Magellan Financial Group Limited, affiliate of MFG Asset Management and an affiliate of the Distributor and Frontier Partners, as described in further detail below.

The Transaction will result in the termination of the existing subadvisory agreement between MFG Asset Management and Frontegra. The Fund's shareholders of record as of the record date will be asked to approve of a new subadvisory agreement at a special meeting of shareholders to be held in 2018. The new subadvisory agreement is expected to be similar to the existing subadvisory agreement other than changes to reflect regulatory developments, more specificity about certain services provided by the subadviser and updated business terms between the parties. Under the new subadvisory agreement, the subadvisory fee will stay the same except MFG Asset Management is expected to pay for, or reimburse, as applicable, all amounts paid by Frontegra to financial intermediaries for sub-transfer agent and other administrative services.

Advisory Fees

No advisory fee information is provided for the Fund because the Fund was not offered for sale prior to the date of this SAI.

Recent Events

On February 5, 2018, Frontegra and William D. Forsyth III, the President of Frontegra and the Distributor, and a Director of the Company, entered into a purchase and sale agreement with FNAH and Magellan Financial Group Limited. Under this agreement, Mr. Forsyth will sell all of the shares of Frontegra to FNAH in calendar year 2018, subject to regulatory approvals and other customary closing conditions (the "Transaction"). In connection with the Transaction, Mr. Forsyth was named Executive Chairman of MFG Asset Management's business in North America and has retained day-to-day management responsibility for the operations of Frontegra and its affiliates. Mr. Forsyth will retain an indirect ownership stake in Frontegra via a minority holding in FNAH. The Transaction will constitute an "assignment" of the existing investment advisory agreement between Frontegra and the Company, on behalf of the Fund as well as the other series of the Company offered in a separate SAI. The Board of Directors of the Company has approved a new advisory agreement and new subadvisory agreements for each of the Company's series, including the Fund, to become effective following shareholder approval and upon closing of the Transaction, each of which is planned for later in 2018. Also on February 5,

2018, Magellan Financial Group Limited, through its majority-owned subsidiary FNAH, acquired Frontier Partners, a consulting/marketing firm, from Mr. Forsyth, and entered into an agreement to purchase the Distributor, which closed on April 2, 2018. Accordingly, Magellan Financial Group Limited and its affiliates (MFG Asset Management, FNAH and MFG Services LLC), the Distributor and Frontier Partners are affiliates, and Frontegra will become an affiliate of MFG Asset Management upon closing of the Transaction.

Potential Conflicts of Interest

Mr. Forsyth, the sole shareholder and President of Frontegra, devotes significant time to the services of Frontier Partners, a consulting/marketing firm that provides consulting and distribution services to investment advisers. Mr. Forsyth is an indirect owner and the President of Frontier and derives compensation from such positions. Pursuant to success fee agreements, Frontier and its affiliate, the Distributor, provide services to and are compensated by MFG Asset Management. These arrangements may present a conflict of interest. Frontegra may not be inclined to terminate the subadvisory relationship with MFG Asset Management when its affiliates are receiving compensation from MFG Asset Management for other services. Similarly, if MFG Asset Management discontinues using the services of Frontier, Frontegra may have an incentive to terminate the subadvisory agreement if the Fund was underperforming, and replace MFG Asset Management with a subadviser that would retain the services of Frontier and has a better potential for improving Fund performance. Nonetheless, the Board retains ultimate oversight over the Fund and its advisory and subadvisory relationships.

PORTFOLIO MANAGERS

Other Accounts Managed by Portfolio Managers of the Fund

As described in the Prospectus for the Fund under “Fund Management,” each portfolio manager is jointly responsible for the day-to-day management of the Fund, and, unless otherwise indicated, is solely responsible for the day-to-day management of the other accounts set forth in the following table. Gerald Stack is the sole portfolio manager of the Fund. None of the registered investment company clients of the Adviser or MFG Asset Management pays a performance-based fee.

**Other Accounts Managed by the Portfolio Managers
As of March 30, 2018**

Portfolio Manager	Other Registered Investment Companies Managed by Portfolio Manager		Other Pooled Investment Vehicles Managed by Portfolio Manager				Other Accounts Managed by Portfolio Manager			
	Number	Total Assets	Number	Total Assets	Number with Performance-Based Fees	Total Assets of Pooled Investment Vehicles with Performance-Based Fees	Number	Total Assets	Number with Performance-Based Fees	Total Assets of Accounts with Performance-Based Fees
MFG Select Infrastructure Fund <i>MFG Asset Management</i> Gerald Stack	1	\$393 million	5	\$1,936 million	3	\$1,776 million	13	\$5,528	2	\$111 million

Potential Conflicts of Interest

MFG Asset Management's individual portfolio managers advise multiple accounts for numerous clients. In addition to the Fund, these accounts may include other mutual funds, separate accounts and private investment vehicles.

MFG Asset Management is an investment adviser that manages other client portfolios with positions similar to those in the portfolio that MFG Asset Management manages for the Fund. Positions are bought and sold for all clients based on their investment criteria and MFG Asset Management's investment style. MFG Asset Management has developed and implemented a number of policies and procedures that are designed to ensure that the interests of all MFG Asset Management's clients are protected. Policies that are a part of MFG Asset Management's compliance program address areas such as trade allocations, cross trading, insider trading and trade management. MFG Asset Management has developed trade allocation processes and controls to ensure that no one client, regardless of type, is intentionally favored at the expense of another. Allocation policies are designed to address potential conflicts of interest in situations where two or more accounts, including the Fund, participate in investment decisions involving the same securities. Ongoing and annual reviews are conducted to ensure compliance with the policies and procedures.

Compensation of Portfolio Manager

The compensation of the portfolio manager of the Fund is not exclusively tied to the performance or the value of the assets of the Fund. The compensation of the portfolio manager is comprised of a base salary and a short term incentive. The short term incentive is determined through consideration of: (a) a percentage of the net revenues earned by MFG Asset Management with respect to all investment strategies managed by the portfolio manager, less an internal allocation of costs; and (b) the relative and absolute performance of the actively managed infrastructure strategies managed by the portfolio manager.

Ownership of Fund Shares by Portfolio Manager

No ownership information is provided for the Fund because the Fund was not offered for sale prior to the date of the SAI.

PORTFOLIO HOLDINGS DISCLOSURE POLICY

The Fund does not provide or permit others to provide information about its portfolio holdings to any third party on a selective basis, except as permitted by the Company's policy regarding disclosure of portfolio holdings (the "Disclosure Policy"). Pursuant to the Disclosure Policy, the Company and each of Frontegra and MFG Asset Management may disclose information about the Fund's portfolio holdings only in the following circumstances:

- The Fund will disclose its portfolio holdings by mailing its annual and semi-annual reports to shareholders approximately two months after the end of the fiscal year and six-month period. In addition, the Company will disclose the portfolio holdings of the Fund as of the end of the first and third fiscal quarters by filing Form N-Q with the SEC, and as of the end of the second and fourth fiscal quarters by filing Form N-CSR with the SEC.
- The Fund's top 10 holdings will be posted to the Company's website no earlier than 10 days after the calendar quarter end.

- The Fund's top 10 holdings as of a calendar quarter end may be included in Fund fact sheets following the posting of the Fund's full portfolio holdings or top 10 holdings as of the calendar quarter end on the Company's website.
- The Fund may include top 10 holdings in quarterly reports to shareholders or consultants following posting of top 10 holdings on the Company's website.
- Disclosure of the Fund's top 10 holdings as of a particular calendar quarter end may be made in response to inquiries from consultants, existing shareholders or prospective shareholders following posting of the top 10 holdings on the Company's website.
- The Fund's portfolio holdings may be included in commentary provided to consultants, existing shareholders or prospective shareholders, provided that such commentary is posted on the Company's website prior to the dissemination of such commentary.
- The Adviser or MFG Asset Management may disclose Fund portfolio holdings in regulatory filings and to the Fund's service providers (the administrator, fund accountant, custodian, transfer agent, independent accountant, legal counsel and financial printer) in connection with the fulfillment of their duties to the Fund and Company. Such disclosures generally are made to the service providers on a quarterly basis in connection with the preparation of regulatory filings but may be provided more frequently if necessary. Service providers that receive disclosures of the Fund's portfolio holdings are required to maintain the confidentiality of the information either by contract or by law.
- The Fund will not disclose portfolio holdings to rating agencies.
- The Adviser or MFG Asset Management is also permitted to disclose the portfolio holding of the Fund to certain service providers as indicated below:
 - Glass, Lewis & Co. – daily, for proxy recordkeeping services
 - Mainstream FundServices Pty Limited – daily, for back office operational support
- The Fund's portfolio holdings may also be disclosed in cases where other legitimate business purposes of the Fund are served by such disclosure provided that, if prior to the public disclosure of such information, (a) the Company's Chief Compliance Officer authorizes the disclosure and determines that there are no conflicts of interest between the Fund's shareholders and the Adviser or MFG Asset Management and (b) the recipient is required to maintain the confidentiality of the information either by contract or by law.

The Company is prohibited from entering into any other arrangements to disclose information regarding the Fund's portfolio securities without prior approval of the Board. No compensation or other consideration may be received by the Fund, the Adviser or MFG Asset Management in connection with the disclosure of portfolio holdings in accordance with this policy.

The Chief Compliance Officer monitors compliance with the Disclosure Policy and reports any violations to the Board. The Board will review any disclosures of Fund portfolio holdings outside of the permitted disclosures described above on a quarterly basis to ensure that disclosure of information about portfolio holdings is in the best interest of Fund shareholders and to address any conflicts between the interests of the Fund shareholders and those of the Adviser, MFG Asset Management or any other Fund affiliate.

PROXY VOTING POLICIES

The Board has adopted proxy voting procedures that delegate to the Adviser the authority to vote proxies, subject to the supervision of the Board. The Board also authorized Frontegra to delegate its authority to vote proxies to MFG Asset Management pursuant to the Subadvisory Agreement, if Frontegra believes that MFG Asset Management is in the best position to make voting decisions on behalf of the Fund. In addition, the Board authorized the Adviser and MFG Asset Management to retain a third party voting service to provide recommendations on proxy votes or vote proxies on the Fund's behalf. The Fund's proxy voting procedures provide that, in the event of a conflict between the interests of the Adviser or MFG Asset Management and the Fund with regard to a proxy vote, the conflict will be resolved by a majority of the independent directors or by such other method approved by the Board.

MFG Asset Management's proxy voting policies provide that MFG Asset Management will vote proxies with respect to client securities in a manner designed to promote the economic interests of its clients. With respect to the MFG Funds, MFG Asset Management's proxy voting guidelines provide that MFG Asset Management will review proposed company resolutions on a case by case basis, exercising voting rights as deemed appropriate by MFG Asset Management to ensure that companies act in the best interest of their shareholders. In exercising its voting discretion, MFG Asset Management does not intend to become involved in the day to day management issues of companies but will exercise voting rights to ensure that companies act in the best interest of their shareholders and, in appropriate cases, to improve the corporate governance of investee companies. MFG Asset Management may consider the size of its holdings and the likelihood that exercising voting rights will influence the outcome of the vote, as well as the advantage which may result from exercising voting rights. If MFG Asset Management determines that a proxy solicitation involves a conflict of interest or perceived conflict of interest between MFG Asset Management and client interests, MFG Asset Management's Proxy Voting Committee will meet to determine steps to manage the potential conflict. Possible resolutions may include voting in accordance with the recommendations of a third party research provider, refraining from exercising its proxy voting rights or disclosing the conflict to its client and obtain the client's direction to vote the proxy.

The Fund's proxy voting record for the most recent 12-month period ended June 30, if applicable, will be available without charge, either upon request, by calling toll free, 1-888-825-2100, or by accessing the SEC's website at <http://www.sec.gov>.

FUND TRANSACTIONS AND BROKERAGE

MFG Asset Management is responsible for decisions to buy and sell securities for the Fund and for the placement of the Fund's securities business, the negotiation of the commissions to be paid on such transactions and the allocation of portfolio brokerage. MFG Asset Management seeks the best execution available with respect to each transaction, in light of the overall quality of brokerage and research services provided to MFG Asset Management or the Fund. Purchases may be made from underwriters, dealers and, on occasion, the issuers. Commissions will be paid on the Fund's portfolio transactions, including futures and options transactions. The purchase price of portfolio securities purchased from an underwriter or dealer may include underwriting commissions and dealer spreads. The Fund may pay mark-ups on principal transactions. Brokerage will not be allocated based on the sale of the Fund's shares.

Brokerage information for the Fund is not provided because the Fund was not offered for sale prior to the date of this SAI.

Section 28(e) of the Securities Exchange Act of 1934 ("Section 28(e)") permits an investment adviser, under certain circumstances, to cause an account to pay a broker or dealer who supplies brokerage and research services a commission for effecting a transaction in excess of the amount of

commission another broker or dealer would have charged for effecting the transaction. Brokerage and research services include (a) furnishing advice as to the value of securities, the advisability of investing, purchasing or selling securities and the availability of securities or purchasers or sellers of securities; (b) furnishing analyses and reports concerning issuers, industries, securities, economic factors and trends, portfolio strategy and the performance of accounts; and (c) effecting securities transactions and performing functions incidental thereto (such as clearance, settlement and custody).

In selecting brokers and negotiating commissions, MFG Asset Management considers several factors, including: the firm's reliability, the quality of its execution services on a continuing basis, its financial condition, investment and market information and other research, such as economic, securities and performance measurement research and the quality and reliability of brokerage services, including execution capability, performance and financial responsibility. All research is paid for by MFG Asset Management pursuant to execution only brokerage rates with a panel of approved brokers. Although the Fund does not currently pay "soft dollar" commissions for research, the Subadvisory Agreement authorizes the Fund to pay higher commissions for research and brokerage services if (a) MFG Asset Management determines in good faith that the amount is reasonable in relation to the services in terms of the particular transaction or in terms of MFG Asset Management's overall responsibilities with respect to the accounts as to which they exercise investment discretion; (b) such payment is made in compliance with the provisions of Section 28(e), other applicable state and federal laws, and the Subadvisory Agreement; and (c) in the opinion of MFG Asset Management, the total commissions paid by the Fund will be reasonable in relation to the benefits to the Fund over the long term. Although MFG Asset Management pays from its own resources for investment research, it may receive proprietary and third party research from any of the brokers with which it executes client transactions.

Brokerage commission information is not provided for the Fund because the Fund was not offered for sale prior to the date of this SAI.

MFG Asset Management places portfolio transactions for other advisory accounts that they manage. Research services furnished by firms through which the Fund effects its securities transactions may be used by MFG Asset Management in servicing all of their accounts. Not all of such services may be used by MFG Asset Management in connection with the Fund. MFG Asset Management believes it is not possible to measure separately the benefits from research services to each of the accounts (including the Fund) managed by them. Because the volume and nature of the trading activities of the accounts are not uniform, the amount of commissions in excess of those charged by another broker paid by each account for brokerage and research services will vary. However, MFG Asset Management believes such costs to the Fund will not be disproportionate to the benefits received by the Fund on a continuing basis. MFG Asset Management seeks to allocate portfolio transactions equitably whenever concurrent decisions are made to purchase or sell securities by the Fund and another advisory account. In some cases, this procedure could have an adverse effect on the price or the amount of securities available to the Fund. In making such allocations between the Fund and other advisory accounts, the main factors considered by MFG Asset Management are the investment objectives and restrictions, the relative size of portfolio holdings of the same or comparable securities, the availability of cash for investment and the size of investment commitments generally held.

CUSTODIAN

As custodian of the Fund's assets, U.S. Bank, N.A., 1555 N. River Center Drive, Suite 302, Milwaukee, Wisconsin 53212, has custody of all securities and cash of the Fund, delivers and receives payment for securities sold, receives and pays for securities purchased, collects income from investments and performs other duties, all as directed by the officers of the Company.

TRANSFER AGENT

U.S. Bancorp Fund Services, LLC, 615 E. Michigan Street, Third Floor, Milwaukee, Wisconsin 53202, an affiliate of U.S. Bank, N.A., acts as transfer agent for the Fund.

ADMINISTRATOR AND FUND ACCOUNTANT

U.S. Bancorp Fund Services, LLC also provides administrative and fund accounting services to the Fund pursuant to an Administration and Fund Accounting Agreement. Under the Agreement, U.S. Bancorp Fund Services, LLC calculates the daily net asset value of the Fund and provides administrative services (which include clerical, compliance and regulatory services such as filing all required federal income and excise tax returns and state property tax returns, assisting with regulatory filings, preparing financial statements and monitoring expense accruals). For the foregoing services, U.S. Bancorp Fund Services, LLC receives from the Fund a fee, computed daily and payable monthly, based on the Company's average net assets.

SHAREHOLDER MEETINGS

Maryland law permits registered investment companies, such as the Company, to operate without an annual meeting of shareholders under specified circumstances if an annual meeting is not required by the 1940 Act. The Company has adopted the appropriate provisions in its Bylaws and may, at its discretion, not hold an annual meeting in any year in which the election of directors is not required to be acted on by shareholders under the 1940 Act.

The Company's Bylaws also contain procedures for the removal of directors by shareholders of the Company. At any meeting of shareholders, duly called and at which a quorum is present, the shareholders may, by the affirmative vote of the holders of a majority of the votes entitled to be cast thereon, remove any director or directors from office and may elect a successor or successors to fill any resulting vacancies for the unexpired terms of removed directors.

DISTRIBUTION OF FUND SHARES

Distributor

The Distributor, Frontegra Strategies, LLC, located at 400 Skokie Boulevard, Suite 500, Northbrook, Illinois 60062, is the principal distributor of the Fund's shares. Under a Distribution Agreement between the Company and the Distributor, the Distributor offers the Fund's shares on a continuous, best efforts basis. The Distributor is owned by FNAH, a subsidiary of MFG and an affiliate of MFG Asset Management, and is managed by Mr. Forsyth. Accordingly, the Distributor is an affiliate of MFG Asset Management. The Distributor will not receive commissions or other compensation for the sale of Fund shares.

The Distribution Agreement has an initial term of up to two years and will continue in effect only if such continuance is specifically approved at least annually by the Board or by a vote of a majority of the Fund's outstanding securities and, in either case, by a majority of the directors who are not parties to the Distribution Agreement or "interested persons" (as defined in the 1940 Act) of any such party. The Distribution Agreement is terminable without penalty by the Company on behalf of the Fund on 60 days written notice when authorized either by a majority vote of the Fund's shareholders or by vote of a majority of the Board, including a majority of the directors who are not "interested persons" (as defined in

the 1940 Act) of the Company, or by the Distributor on 60 days written notice, and will automatically terminate in the event of its “assignment” (as defined in the 1940 Act).

Payments to Financial Intermediaries

The Distributor, the Adviser and/or their affiliates may pay compensation, out of their own resources and without additional cost to the Fund or its shareholders, to financial intermediaries for services provided to clients who hold Fund shares, for introducing new shareholders to the Fund and for administrative, sub-accounting and shareholder services. This practice is referred to as “revenue sharing.” These payments, if made, would be in addition to the shareholder servicing fees or other administrative fees payable out of Fund assets to firms that provide services to shareholders of Institutional Class and Service Class shares. Payments may be structured as a flat fee, a percentage of net sales or net assets (or a combination thereof) or a fee based on the number of underlying client accounts.

SHAREHOLDER SERVICING

The Company has adopted a Shareholder Servicing Plan on behalf of the Service Class shares of the Fund pursuant to which the Fund may make payments to broker/dealers and other financial intermediaries (“Servicing Agents”), who provide non-distribution services including, but not limited to, establishing and maintaining shareholder accounts, mailing prospectuses, account statements and other Fund documents to shareholders, processing shareholder transactions and providing other recordkeeping, sub-accounting and administrative services for Service Class shareholders, as appropriate. Under the Shareholder Servicing Plan, Service Class shares of the Fund pay to Servicing Agents a monthly shareholder servicing fee computed at an annual rate of up to 0.15% of the average daily net assets held during the month by Service Class shares of the Fund. The Distributor is the shareholder servicing agent for the Fund.

PURCHASE, PRICING AND REDEMPTION OF SHARES

Shares of the Fund are sold on a continuous basis at the Fund’s net asset value. As set forth in the Prospectus under “Valuation of Fund Shares,” the Fund’s net asset value per share is determined as of the close of trading on the New York Stock Exchange (“NYSE”) (generally 4:00 p.m., Eastern Time) on each day the NYSE is open for business. The Fund is not required to calculate its net asset value on days during which the Fund receives no orders to purchase shares and no shares are tendered for redemption. Net asset value is calculated by taking the market value of the Fund’s total assets, including interest or dividends accrued, but not yet collected, less all liabilities, and dividing by the total number of shares outstanding. The result, rounded to the nearest cent, is the net asset value per share.

In determining net asset value, expenses are accrued and applied daily and securities and other assets for which market quotations are available are valued at market value. Debt securities are valued by using an evaluated bid price provided by a pricing service. If closing bid and asked prices are not readily available, the pricing service may provide a price determined by a method used to value fixed income securities without relying exclusively on quoted prices. Common stocks and other equity-type securities are valued at the last trade price on the national securities exchange (other than NASDAQ) on which such securities are primarily traded, and securities traded on NASDAQ are valued using the NASDAQ Official Closing Price. However, securities traded on a national securities exchange or NASDAQ for which there were no transactions on a given day are valued at the most recent bid price. Securities not listed on a national securities exchange or NASDAQ are valued at the most recent sale price.

Any securities or other assets for which market quotations are not readily available are valued at fair value as determined in good faith by the Board or its delegate. The Board has approved the use of pricing services to assist the Fund in the determination of net asset value. Short-term fixed income securities maturing within 60 days or less, which are not priced by a pricing service, may be valued by the amortized cost method.

Most securities that are primarily traded on foreign exchanges generally are valued at the last sale price of such securities on their respective exchange. In certain countries market maker prices, usually the mean between the bid and ask prices, are used. In certain circumstances, such as when a significant event occurs in a foreign market so that the last sale price no longer reflects actual value, the fair value of these securities may be determined using the fair value procedures described above. In valuing assets, prices denominated in foreign currencies are converted to U.S. dollar equivalents at the current exchange rate.

Purchases In Kind. Shares of the Fund may be purchased “in kind,” subject to the approval of the Adviser and/or MFG Asset Management and their determination that the securities are acceptable investments for the Fund and that they have a value that is readily ascertainable in accordance with the Fund’s valuation policies. In an in kind purchase, investors transfer securities to the Fund in exchange for Fund shares. Securities accepted by the Fund in an in kind purchase will be valued at market value. In general, investors transferring securities for shares will be treated, for federal income tax purposes, as if they sold the transferred securities at their fair market value and used the proceeds to purchase shares of the Fund, and the Fund’s tax basis in the transferred securities will be equal to their fair market value.

Redemptions In Kind. The Company has filed an election pursuant to Rule 18f-1 under the 1940 Act which provides that the Fund is obligated to redeem shares solely in cash up to \$250,000 or 1% of the net asset value of the shares of the Fund being redeemed, whichever is less for any one shareholder within a 90-day period. Any redemption beyond this amount may be made in assets other than cash, such as securities or other property. Securities delivered in payment of redemptions are valued at the same value assigned to them in computing the Fund’s net asset value per share. Shareholders receiving such securities are likely to incur brokerage costs on their subsequent sales of such securities. For federal income tax purposes, redemptions in kind are taxed in the same manner as redemptions made in cash. The subsequent sale of securities received in kind may result in realized gains or losses for federal income tax purposes.

ANTI-MONEY LAUNDERING PROGRAM

The Company has established an Anti-Money Laundering Compliance Program (the “Program”) as required by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (“USA PATRIOT Act”). In order to ensure compliance with this law, the Company’s Program provides for the development of internal practices, procedures and controls, the designation of an anti-money laundering compliance officer, an ongoing training program, an independent audit function to determine the effectiveness of the Program and a customer identification program. Elyce D. Dilworth serves as the Company’s Anti-Money Laundering Compliance Officer.

Procedures to implement the Program include, but are not limited to, determining that the Fund’s transfer agent has established proper anti-money laundering procedures that require it to report suspicious and/or fraudulent activity, verify the identity of new shareholders, check shareholder names against designated government lists, including the Office of Foreign Asset Control (“OFAC”), and undertake a complete and thorough review of all new account applications.

TAXATION OF THE FUND

Changes in income tax laws, potentially with retroactive effect, could impact the Fund's investments or the tax consequences to you of investing in the Fund. Some of the changes could affect the timing, amount and tax treatment of Fund distributions made to shareholders. Please consult your tax adviser before investing.

If your shares are held in a taxable account, you should be aware of the following federal income tax implications. The Fund intends to qualify and elect to be taxed as a "regulated investment company" under Subchapter M of the Code, and if so qualified will not be liable for federal income or excise taxes at the Fund level on amounts distributed to shareholders provided that investment company taxable income and net capital gain are sufficiently distributed to shareholders on a timely basis and the Fund meets certain requirements regarding the sources of its income and the diversification of its assets. Pursuant to the Code, the Fund will be treated as a separate entity for federal income tax purposes. In the event the Fund fails to qualify as a "regulated investment company" and does not obtain relief from such failure, it will be treated as a regular corporation for federal income tax purposes. In this event, the Fund would be subject to federal income taxes on the full amount of its taxable income and gains, and any distributions made by the Fund to the extent of its then-current and accumulated earnings and profits would be taxable as dividend income to the Fund's shareholders. This would increase the cost of investing in the Fund for shareholders and would make it more economical for shareholders to invest directly in securities held by the Fund instead of investing indirectly in such securities through the Fund.

The Fund intends to distribute at least annually to its shareholders all or substantially all of its investment company taxable income and net capital gain. For federal income tax purposes, distributions of the Fund's investment company taxable income (which includes, generally, dividends, interest, the excess of any net short-term capital gain over net long-term capital loss, and net gain from foreign currency transactions), if any, generally are taxable to you as ordinary income whether reinvested in additional Fund shares or received in cash, unless such distributions are attributable to and reported by the Fund as "qualified dividend income." For non-corporate shareholders, such "qualified dividend" income is eligible for the reduced federal income tax rates applicable to long-term capital gains if the shareholder meets certain holding period requirements.

Distributions of investment company taxable income will be taxed at the ordinary income tax rate applicable to the shareholder. Distributions of net capital gain (the excess of net long-term capital gain over net short-term capital loss) will be taxable as long-term capital gains whether reinvested in additional Fund shares or received in cash and regardless of the length of time you have owned your shares. The Fund will inform shareholders of the federal income tax status of all distributions promptly after the close of each calendar year.

Certain individuals, trusts and estates may be subject to a Medicare tax of 3.8% (in addition to regular income tax). The Medicare tax is imposed on the lesser of (i) a taxpayer's investment income, net of deductions properly allocable to such income or (ii) the amount by which the taxpayer's modified adjusted gross income exceeds certain thresholds (\$250,000 for married individuals filing jointly, \$200,000 for unmarried individuals and \$125,000 for married individuals filing separately). The Fund's distributions are includable in a shareholder's investment income for purposes of this Medicare tax. In addition, any capital gain realized on the sale, exchange or redemption of Fund shares is includable in a shareholder's investment income for purposes of this Medicare tax.

Interest and dividends received by the Fund from foreign sources may be subject to income, withholding or other taxes imposed by foreign countries and U.S. possessions that would reduce the yield on its securities. Tax conventions between certain countries and the United States may reduce or

eliminate these foreign taxes, however, and many foreign countries do not impose taxes on capital gains realized on investments held by foreign investors. If more than 50% of the value of the Fund's total assets at the close of its taxable year consists of stock and securities of foreign corporations, it will be eligible to, and may, file an election with the Internal Revenue Service that would, in effect, pass through to the shareholders any foreign and U.S. possessions income taxes paid by the Fund. Pursuant to the election, the Fund would treat those taxes as distributions paid to its shareholders and each shareholder would be required to (i) include in gross income, and treat as paid by him, his proportionate share of those taxes paid by the Fund, (ii) treat his share of those taxes and of any distribution paid by the Fund that represents income from foreign or U.S. possessions sources as his own income from those sources, and (iii) either deduct the taxes deemed paid by him in computing his taxable income or, alternatively, use the foregoing information in calculating the foreign tax credit against his federal income tax. If the Fund makes this election, it will report to its shareholders shortly after each taxable year their respective share of income from sources within, and taxes paid to, foreign countries and U.S. possessions.

Under the Foreign Account Tax Compliance Act ("FATCA"), the Fund may be required to withhold a generally nonrefundable 30% tax on (a) distributions of investment company taxable income, and (b) distributions of net capital gain and the gross proceeds of a sale, exchange, or redemption of Fund shares paid after December 31, 2018, to (i) certain "foreign financial institutions" that do not agree to verify, monitor, and report to the IRS the identity of certain of its accountholders, among other things (unless such entity is deemed compliant under the terms of an intergovernmental agreement between the U.S. and the country in which the entity is a tax resident), and (ii) certain "non-financial foreign entities" unless such entity certifies to the Fund that it does not have any substantial U.S. owners or provides the name, address, and taxpayer identification number of each substantial U.S. owner, among other things. This FATCA withholding tax could also affect the Fund's return on its investments in foreign securities or affect a shareholder's return if the shareholder holds its Fund shares through a foreign intermediary. You are urged to consult your tax adviser regarding the application of this FATCA withholding tax to your investment in the Fund and the potential certification, compliance, due diligence, reporting, and withholding obligations to which you may become subject in order to avoid this withholding tax.

The Fund maintains its accounts and calculates its income in U.S. dollars. In general, gain or loss (i) from the disposition of foreign currencies and forward currency contracts, (ii) from the disposition of foreign-currency-denominated debt securities that are attributable to fluctuations in exchange rates between the date the securities are acquired and their disposition date, and (iii) attributable to fluctuations in exchange rates between the time the Fund accrues interest or other receivables or expenses or other liabilities denominated in a foreign currency and the time the Fund actually collects those receivables or pays those liabilities, will be treated as ordinary income or loss. A foreign-currency-denominated debt security acquired by the Fund may bear interest at a high nominal rate that takes into account expected decreases in the value of the principal amount of the security due to anticipated currency devaluations. In that case, the Fund would be required to include the interest in income as it accrues but generally would realize a currency loss with respect to the principal only when the principal was received (through disposition or upon maturity).

This section is not intended to be a full discussion of federal income tax laws and the effect of such laws on an investor. There may be other federal, state, local or foreign tax considerations applicable to a particular investor. Investors are urged to consult their own tax advisors.

COST BASIS REPORTING

The Fund is required to report to certain shareholders and the IRS the cost basis of shares acquired on or after January 1, 2012 ("covered shares"), when the shareholder sells, redeems or exchanges such shares. These requirements do not apply to shares held through a tax-deferred

arrangement, such as a 401(k) plan or an IRA, or to shares held by tax-exempt organizations, banks, financial institutions, corporations (other than S corporations), credit unions, and certain other entities and governmental bodies. Shares acquired before January 1, 2012 (“non-covered shares”), are treated as if held in a separate account from covered shares. The Fund is not required to determine or report a shareholder’s cost basis in non-covered shares and are not responsible for the accuracy or reliability of any information provided for non-covered shares.

The cost basis of a share is generally its purchase price adjusted for distributions, returns of capital, and other corporate actions. Cost basis is used to determine whether the sale, exchange or redemption of a share results in a capital gain or loss. If you sell, exchange or redeem covered shares during any year, then the Fund will report the gain or loss, cost basis, and holding period of such covered shares to the IRS and you on Form 1099.

A cost basis method is the method by which the Fund determines which specific covered shares are deemed to be sold, exchanged or redeemed when a shareholder sells, exchanges or redeems less than its entire holding of Fund shares and has made multiple purchases of Fund shares on different dates at differing net asset values. If a shareholder does not affirmatively elect a cost basis method, the Fund will use the average cost method, which averages the basis of all Fund covered shares in your account regardless of holding period, and covered shares sold, exchanged or redeemed are deemed to be those with the longest holding period first. Each shareholder may elect in writing (and not over the telephone) any alternate IRS-approved cost basis method to calculate the cost basis in its covered shares. The default cost basis method applied by the Fund or the alternate method elected by a shareholder may not be changed after the settlement date of a sale, exchange or redemption of Fund shares.

If you hold Fund shares through a broker or another nominee, please contact that broker or nominee with respect to the reporting of cost basis and available elections for your account.

You are encouraged to consult your tax adviser regarding the application of these cost basis reporting rules and, in particular, which cost basis calculation method you should elect.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Cohen & Company, Ltd. has been selected as the independent registered public accounting firm for the Fund. Cohen & Company, Ltd. will audit and report on the Fund’s annual financial statements, review certain regulatory reports and the Fund’s federal income tax returns, and perform other auditing and tax services when engaged to do so by the Fund.

FINANCIAL STATEMENTS

The Fund had not yet commenced operations as of the date of this SAI and, therefore, has not produced financial statements. Once available, you can obtain a copy of the financial statements contained in the Fund’s Annual or Semi-Annual Report without charge by calling the Company, toll free, at 1-888-825-2100.
