In addition, Frontegra has extended through October 31, 2020, its contractual agreement to waive its fee and/or reimburse expenses so that the Fund’s total operating expenses (excluding taxes, interest, brokerage commissions, acquired fund fees and expenses and extraordinary expenses) do not exceed 0.95% and 1.10% of the Fund’s average daily net assets attributable to Institutional Class and Service Class shares, respectively.

Recent Developments

On February 5, 2018, Frontegra Asset Management, Inc. (“Frontegra”), the investment adviser to the Funds, and William D. Forsyth III, President of Frontier Funds, Inc. (the “Company”) and President of Frontegra, entered into a purchase agreement with Frontier North America Holdings, Inc. (“FNAH”), a subsidiary of Magellan Financial Group Limited (“MFG”), and MFG pursuant to which FNAH will acquire Frontegra, subject to regulatory approvals and other customary closing conditions (the “Transaction”). In connection with the Transaction, Mr. Forsyth has been named Executive Chairman of MFG’s business in North America and will retain day-to-day management responsibility for the operations of Frontegra and its affiliates. Mr. Forsyth will retain an indirect ownership stake in Frontegra via a minority holding in FNAH.

The Transaction will result in a change in control of Frontegra and, therefore, will constitute an “assignment” of the existing investment advisory agreement between Frontegra and the Company, on behalf of the following Funds: Frontier Phocas Small Cap Value Fund, Frontier MFG Core Infrastructure Fund, Frontier MFG Global Equity Fund and Frontier MFG Global Plus Fund, within the meaning of the Investment Company Act of 1940, as amended (the “1940 Act”). An investment advisory agreement automatically terminates upon its “assignment” under the applicable provisions of the 1940 Act. Additionally, the Transaction will result in the termination of the existing subadvisory agreements between Frontegra and each of the following subadvisers: (1) Phocas Financial Corporation for subadvisory services to Frontier Phocas Small Cap Value Fund; and (2) Magellan Asset Management Limited doing business as MFG Asset Management, a subsidiary of MFG, for subadvisory services to Frontier MFG Core

Infrastructure Fund, Frontier MFG Global Equity Fund and Frontier MFG Global Plus Fund. As previously announced, Frontegra and Silk Invest Limited, the subadviser to the Frontier Silk Invest New Horizons Fund, have mutually agreed to terminate the subadvisory agreement effective April 30, 2018, and the Board of Directors of the Company has approved the reorganization of the Silk Fund into a series of Unified Series Trust. Accordingly, the Silk Fund is not expected to be affected by the Transaction.

The Board of Directors of the Company will consider new advisory and subadvisory agreements for the Frontier Phocas Small Cap Value Fund, Frontier MFG Core Infrastructure Fund, Frontier MFG Global Equity Fund and Frontier MFG Global Plus Fund, to become effective following shareholder approval and upon closing of the Transaction, and each Fund's shareholders will be asked to approve or disapprove of a new investment advisory agreement and the applicable subadvisory agreement at a special meeting of shareholders to be held later this year. Details regarding the special meeting of shareholders will be contained in a proxy statement.

SUMMARY SECTION

Investment Objective. The investment objective of the Frontier Phocas Small Cap Value Fund (the "Fund") is long-term total investment return through capital appreciation.

Fees and Expenses of the Fund. This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

	<u>Institutional</u>	<u>Service</u>
Shareholder Fees		
(fees paid directly from your investment)		
Redemption Fee (as a percentage of amount redeemed, if applicable)	NONE	NONE
Service Fee (for shares redeemed by wire)	\$15.00	\$15.00
Annual Fund Operating Expenses		
(expenses that you pay each year as a percentage of the value of your investment)		
Management Fees	1.00%	1.00%
Distribution (12b-1) Fees	NONE	NONE
Other Expenses		
Shareholder Servicing Fee	NONE	0.15%
Additional Other Expenses	<u>0.45%</u>	<u>284.93%</u>
Total Other Expenses	<u>0.45%</u>	<u>285.08%</u>
Total Annual Fund Operating Expenses ⁽¹⁾	1.45%	286.08%
Fee Waiver ⁽²⁾	<u>(0.50)%</u>	<u>(284.98)%</u>
Total Annual Fund Operating Expenses After Fee Waiver ⁽¹⁾	<u>0.95%</u>	<u>1.10%</u>

(1) Effective July 1, 2017, the expense limitations for each class of the Fund were reduced by 0.15%. The expense information in this table has been restated to reflect current fees. Therefore, the "Total Annual Fund Operating Expenses" and the "Total Annual Fund Operating Expenses After Fee Waiver" do not correlate to the Institutional Class' "Ratio of expenses to average net assets" figures in the Financial Highlights section of this Prospectus. However, the "Total Annual Fund Operating Expenses" and the "Total Annual Fund Operating Expenses After Fee Waiver" correlate to the Service Class' "Ratio of expenses to average net assets" figures in the Financial Highlights section of this Prospectus because the Service Class shares did not accrue any Shareholder Servicing Fees during the fiscal year ended June 30, 2017.

(2) Pursuant to an expense cap agreement between Frontegra Asset Management, Inc. ("Frontegra"), the Fund's investment adviser, and the Fund, Frontegra has contractually agreed to waive its management fee and/or reimburse the Fund's operating expenses to the extent necessary to ensure that the Fund's total operating expenses (excluding taxes, interest, brokerage commissions, acquired fund fees and expenses ("AFFE") and extraordinary expenses) do not exceed 0.95% and 1.10% of the Fund's average daily net assets attributable to Institutional Class and Service Class shares, respectively. Frontegra is entitled to recoup the fees waived and/or expenses reimbursed within a three-year period from the time the expenses were incurred to the extent of the expense limitation described above and in place at the time of recoupment. The expense cap agreement will continue in effect until October 31, 2019, with successive renewal terms of one year unless terminated by Frontegra or the Company prior to any such renewal. The current expense cap agreement can be terminated only by, or with the consent of, the Board of Directors of the Company.

Example. The following example is intended to help you compare the cost of investing in the shares of the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
Institutional Class	\$ 97	\$358	\$694	\$1,647
Service Class*	\$112	\$350	\$606	\$1,340

* The contractual expense cap of 1.10% was used to calculate the Expense Example throughout the 10 years due to the small size of the Service Class shares as of June 30, 2017.

Portfolio Turnover. The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund’s performance. During its most recent fiscal year, the Fund had a portfolio turnover rate of 53% of the average value of its portfolio.

Principal Investment Strategy. Under normal market conditions, the Fund invests at least 80% of its net assets in domestic common stocks and other equity securities (including convertible preferred stocks and warrants) of small-capitalization companies, consistent with companies within the Russell 2000® Value Index. As of September 30, 2017, the largest market capitalization of a company in the Russell 2000® Value Index was \$6.26 billion and the weighted average market capitalization was \$1.98 billion. For purposes of the 80% policy, net assets include any borrowings for investment purposes.

The Fund pursues its investment objective by investing in a diversified portfolio of small-capitalization securities selling at discounts to their fair value as assessed by the investment and research team of Phocas Financial Corporation (“Phocas”), the Fund’s subadviser. Phocas will typically invest in 80 to 120 companies with initial weightings between 0.50% to 1.50% of the Fund’s total assets in order to have broad industry representation and reduce individual security risk within the Fund.

Principal Investment Risks.

Market Risks. The Fund’s investments are subject to market risk, which may cause the value of the Fund’s investments to decline. If the value of the Fund’s investments goes down, the share price of the Fund will go down, and you may lose money. U.S. and international markets have experienced volatility in recent years. Global economies and financial markets are increasingly interconnected, which increases the possibility that conditions in one country or region might adversely impact issuers in a different country or region. Continuing market volatility may have adverse effects on the Fund.

Equity Securities Risks. Common stocks and other equity securities held by the Fund will fluctuate in value based on the earnings of the company and on general industry and market conditions, leading to fluctuations in the Fund’s share price.

Stock Selection Risks. The stocks selected for the Fund may decline in value or not increase in value when the stock market in general is rising.

Management Risks. The Fund is subject to management risk as an actively-managed investment portfolio and depends on the decisions of the portfolio managers to produce the desired results.

F R O N T I E R F U N D S

S U M M A R Y S E C T I O N (continued)

Small Capitalization Company Risks. Securities of companies with small market capitalizations are often more volatile, less liquid and more susceptible to market pressures than larger companies.

Value Investing Risks. The Fund invests primarily in value-style stocks, stocks whose prices Phocas believes are undervalued in relation to fundamental measures. Value stocks may never increase in price or pay dividends as anticipated by Phocas, or may decline even further if the market fails to recognize the company's value, if the factors that Phocas believes will increase the price do not occur or if a stock judged to be undervalued is actually appropriately priced.

Sector Risks. Although Phocas selects stocks based on their individual merits, some economic sectors will represent a larger portion of the Fund's overall investment portfolio than other sectors. Potential negative market or economic developments affecting one of the larger sectors could have a greater impact on the Fund than on a fund with fewer holdings in that sector.

Cybersecurity Risks. Despite the various protections utilized by the Fund and its service providers, systems, networks, or devices utilized by the Fund potentially can be breached. The Fund and its shareholders could be negatively impacted as a result of a cybersecurity breach.

Performance. The Fund is the successor to the Phocas Small Cap Value Fund (the "Predecessor Fund") pursuant to a reorganization that was completed on October 8, 2010. Prior to this date, the Fund had no investment operations. Accordingly, the performance and financial information for periods prior to October 8, 2010, is historical information for the Predecessor Fund. The Fund has investment objectives, strategies and policies substantially similar to the Predecessor Fund, which was advised by Phocas, the current subadviser to the Fund. The Predecessor Fund was subject to different expenses than the Institutional Class shares offered by this prospectus. Accordingly, the performance for the Predecessor Fund may differ from that of the Fund.

After-tax returns are shown only for Institutional Class shares, and the after-tax returns for Service Class shares will vary. After-tax returns for the Fund were calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown, and after-tax returns are not relevant to investors who hold shares of the Fund through tax-deferred arrangements, such as a 401(k) plan or individual retirement account ("IRA"). In certain cases, the figure representing "Return After Taxes on Distributions and Sale of Fund Shares" may be higher than other return figures for the same period. A higher after-tax return results when a capital loss occurs upon redemption and provides an assumed tax deduction that benefits the investor.

FRONTIER FUNDS

PRINCIPAL INVESTMENT STRATEGY AND RELATED RISKS

Investment Objective. The investment objective of the Fund is long-term total investment return through capital appreciation. This investment objective is fundamental and may not be changed without shareholder approval.

Principal Investment Strategy. Under normal market conditions, the Fund seeks to achieve its investment objective by investing at least 80% of its net assets in domestic common stocks and other equity securities of small-capitalization companies, consistent with companies within the Russell 2000® Value Index. As of September 30, 2017, the largest market capitalization of a company in the Russell 2000® Value Index was \$6.26 billion and the weighted average market capitalization was \$1.98 billion. Equity securities include investments in convertible preferred stocks and warrants.

The Fund expects to invest in a diversified portfolio across most of the major industries and will typically contain between 80 to 120 stocks of small-capitalization securities selling at discounts to fair value assessed by the Phocas investment and research team.

Phocas will consider selling a security if the price of the security increases to certain levels compared to other securities in the same industry. Phocas will also consider selling a security if it is subject to excessive position overweighting or if Phocas perceives a loss of management focus (e.g., a deviation from strategy).

The Fund will provide shareholders with at least a 60-day notice of any change in the Fund's policy to invest at least 80% of its net assets in the types of securities suggested by its name. The 80% limitation is measured at the time of investment. For purposes of the 80% policy, net assets include any borrowings for investment purposes.

Temporary Strategy. The Fund may invest up to 100% of its total assets in cash, money market mutual funds and short-term fixed income securities as a temporary defensive position during adverse market, economic or political conditions or in other limited circumstances, such as in the case of unusually large cash inflows or redemptions. When so invested, the Fund may not achieve its investment objective.

Principal Risk Factors.

Market Risks. The Fund's investments are subject to market risk, which may cause the value of the Fund's investments to decline. If the value of the Fund's investments goes down, the share price of the Fund will go down, and you may lose money. U.S. and international markets have experienced volatility in recent years. Global economies and financial markets are increasingly interconnected, which increases the possibility that conditions in one country or region might adversely impact issuers in a different country or region. Continuing market volatility may have adverse effects on the Fund.

Equity Securities Risks. Common stocks and other equity securities held by the Fund will fluctuate in value based on the earnings of the company and on general industry and market conditions. A fund that invests a significant amount of its assets in common stocks and other equity securities is likely to have greater fluctuations in share price than a fund that invests a significant portion of its assets in fixed income securities.

Management Risks. The Fund is subject to management risk as an actively-managed investment portfolio and depends on the decisions of the portfolio manager to produce the desired results.

Small Capitalization Risks. Securities of companies with small market capitalizations are often more volatile and less liquid than investments in larger companies. The frequency and volume of trading in securities of small capitalization companies may be substantially less than is typical of larger companies. Therefore, the securities of small capitalization companies may be subject to greater and more abrupt price fluctuations than larger companies. In addition, small capitalization companies may lack the management experience, financial resources and product diversification of larger companies, making them more susceptible to market pressures. Generally, the smaller the company size, the greater these risks.

FRONTIER FUNDS

PRINCIPAL INVESTMENT STRATEGY AND RELATED RISKS (continued)

Value Investing Risks. The Fund invests primarily in value-style stocks, stocks whose prices Phocas believes are undervalued in relation to fundamental measures. Value stocks may never increase in price or pay dividends as anticipated by Phocas, or may decline even further if the market fails to recognize the company's value, if the factors that Phocas believes will increase the price do not occur or if a stock judged to be undervalued is actually appropriately priced.

Sector Risks. Sector emphasis risk is the possibility that investment within certain sectors may decline in price due to sector-specific market or economic developments. Although Phocas selects stocks based on their individual merits, it is expected that when the Fund's investments are categorized into their respective economic sectors, some sectors will represent a larger portion of the overall portfolio than other sectors. As a result, potential negative developments affecting one of the larger sectors could have a greater impact on the Fund than on a fund with fewer holdings in that sector.

Cybersecurity Risks. The computer systems, networks and devices used by the Fund and its service providers to carry out routine business operations employ a variety of protections designed to prevent damage or interruption from computer viruses, network failures, computer and telecommunication failures, infiltration by unauthorized persons and security breaches. Despite the various protections utilized by the Fund and its service providers, systems, networks, or devices potentially can be breached. The Fund and its shareholders could be negatively impacted as a result of a cybersecurity breach. Cybersecurity breaches can include unauthorized access to systems, networks, or devices; infection from computer viruses or other malicious software code; and attacks that shut down, disable, slow, or otherwise disrupt operations, business processes, or website access or functionality. Cybersecurity breaches may cause disruptions and impact the Fund's business operations, potentially resulting in financial losses; interference with the Fund's ability to calculate its NAV; impediments to trading; the inability of the Fund, Frontegra, Phocas, and other service providers to transact business; violations of applicable privacy and other laws; regulatory fines; penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs; as well as the inadvertent release of confidential information.

Portfolio Holdings Disclosure Policy. A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the SAI.

INVESTMENT PROCESS

The selection process for the Fund focuses on U.S. small-cap value stocks. Phocas conducts an initial screening of the marketable U.S. equity universe for liquidity and market capitalization. The initial screening eliminates the large and mid-cap U.S. equity universe, and also the micro-cap U.S. equity universe. Phocas establishes valuation screens for each major industry segment of the Russell 2000® Value Index. Traditional valuation metrics such as price/book, price/sales, cash flow metrics and other factors are used either individually or in combination. Depending upon the industry segment, adjustments are made for balance sheet risk relative to peer group. The initial screens are intended to result in identifying the most reasonably priced companies within the U.S. small-cap universe.

The Phocas research team then focuses on specific company qualitative analysis, income statement and balance sheet reviews, as well as any other major factors that might impact share price. Combining qualitative analysis with fundamental valuation based on traditional cash flow models, proprietary financial models, or other historically reliable valuation methodologies. Phocas will typically invest in approximately 80 to 120 companies with initial weightings between 0.50% to 1.50% of the Fund's total assets in order to have broad industry representation and reduce individual security risk within the Fund.

F R O N T I E R F U N D S

I N V E S T M E N T P R O C E S S *(continued)*

The Fund will also have exposure to every major industry segment of the Russell 2000® Value Index that equals or exceeds 5% of the total index. The portfolio will invest in every major sector with no less than 50% exposure to the benchmark industry weight, or more than 200% of the benchmark weight, with a maximum of 50% in any one sector regardless of the 200% limit; provided, however, the Fund will not invest more than 25% of its assets in any one industry.

Phocas will rebalance the Fund's portfolio at least once per year. Individual positions that exceed 3% of the Fund's portfolio value will typically be reduced to below 3% of the Fund's portfolio value.

FUND MANAGEMENT

Board of Directors. Under the laws of the State of Maryland, the Board of Directors of the Company (the “Board”) is responsible for managing the Company’s business and affairs. The Board also oversees matters required by applicable state and federal law. The Company has entered into an investment advisory agreement with Frontegra, pursuant to which Frontegra supervises the management of the Fund’s investments and business affairs, subject to the supervision of the Board. Frontegra has entered into a subadvisory agreement with Phocas under which Phocas manages the Fund’s portfolio, subject to Frontegra’s supervision. Frontegra provides office facilities for the Fund and pays the salaries, fees and expenses of all officers and directors of the Fund who are interested persons of Frontegra.

Adviser. The Company is managed by Frontegra, which supervises the management of the Fund’s portfolio by Phocas and administers the Company’s business affairs. Frontegra was organized in 1996 and is located at 400 Skokie Boulevard, Suite 500, Northbrook, Illinois 60062. William D. Forsyth III, the President of the Company and Frontegra, owns 100% of Frontegra. Frontegra is affiliated with Frontier Partners, Inc., a consulting firm that provides marketing services to third party investment advisers, including Phocas.

A discussion regarding the Board’s basis for approving the investment advisory agreement and subadvisory agreement is included in the Fund’s annual report for the year ended June 30, 2017.

Management Fees. Under the investment advisory agreement, the Fund compensates Frontegra at the annual rate of 1.00% of the Fund’s average daily net assets. Pursuant to an expense cap agreement between Frontegra and the Fund, Frontegra has agreed to waive its management fee and/or reimburse the Fund’s operating expenses to the extent necessary to ensure that the Fund’s total operating expenses (excluding taxes, interest, brokerage commissions, AFFE and extraordinary expenses) do not exceed 0.95% and 1.10% of the Fund’s average daily net assets for the Institutional Class and Service Class shares, respectively. The expense cap agreement will continue in effect until October 31, 2019, with successive renewal terms of one year unless terminated by Frontegra or the Company prior to any such renewal. The current expense cap agreement can be terminated only by, or with the consent of, the Board of Directors of the Company. The expense cap agreement has the effect of lowering the overall expense ratio for the Fund and increasing the Fund’s overall return to investors during the time any such amounts are waived and/or reimbursed. The expense cap agreement may have the effect of increasing the Fund’s overall expense ratio during the periods where Frontegra recoups previously waived or reimbursed expenses, subject to the expense limitation agreement in place at the time of recoupment. After expense waivers, the advisory fee paid to Frontegra for the fiscal year ended June 30, 2017, was equal to 0.65% of the Fund’s average daily net assets.

Phocas. Phocas is an asset management firm that serves as investment adviser to individual and institutional clients. Phocas was organized in 2005 and is located at 980 Atlantic Avenue, Suite 106, Alameda, California 94501. Under the subadvisory agreement, Phocas is compensated by Frontegra for its investment advisory services based on a percentage of the Fund’s net assets. In addition, Phocas has agreed to share in any expense reimbursements required pursuant to the expense cap agreement. As of September 30, 2017, Phocas had approximately \$1.27 billion under management.

Portfolio Managers. Phocas’s portfolio managers are responsible for the day-to-day management of the Fund’s portfolio. William Schaff is the lead portfolio manager, and Steve Block is the co-portfolio manager of the Fund.

Recent Events. On August 22, 2017, the Board approved an Agreement and Plan of Reorganization pursuant to which the Frontier Netols Small Cap Value Fund, also a series of the Company, would be reorganized with and into the Fund (the "Reorganization"), as described in more detail in a Proxy Statement/Prospectus provided to shareholders of record of the Frontier Netols Small Cap Value Fund. Assuming shareholders of the Frontier Netols Small Cap Value Fund approve the agreement, the Reorganization is expected to close on or about November 17, 2017. The Fund is expected to be the accounting and performance successor of the Frontier Netols Small Cap Value Fund.

How to Purchase Shares. Shares of the Fund are sold on a continuous basis at net asset value ("NAV"). The Fund's NAV is determined as of the close of trading on the New York Stock Exchange (the "NYSE") (generally 4:00 p.m., Eastern Time) on each day the NYSE is open. The NAV for a class of shares is determined by adding the value of the Fund's investments, cash and other assets attributable to that class, subtracting the liabilities and then dividing the result by the total number of shares outstanding for the class. Due to the fact that different expenses are charged to the Institutional Class and Service Class shares of the Fund, the NAV of the two classes may vary. Your purchase price will be the Fund's NAV next determined after the Fund or an authorized agent, such as a fund supermarket or broker-dealer who is authorized by the Distributor or an affiliate to sell shares of the Fund (collectively, "Financial Intermediaries"), receives your request in proper form. The

Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Deposit in the mail or with a delivery service does not constitute receipt by the Transfer Agent. A confirmation indicating the details of the transaction will be sent to you promptly. Shares are credited to your account, but certificates are not issued. However, you will have full shareholder rights.

Investments may be made by mail or wire. The investment minimums noted above are waived for investments by qualified employee benefit plans. Investment minimums may also be waived or reduced at the Fund's discretion for certain registered investment advisers, broker-dealers, other financial intermediaries and individuals accessing accounts through registered investment advisers. The Fund reserves the right to change or waive these minimums at any time. You will be given at least 30 days' notice of any increase in the minimum dollar amount of purchases.

The Fund will not accept payment in cash or money orders. The Fund also does not accept cashier's checks in amounts of less than \$10,000. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks or starter checks for the purchase of shares. The Fund is unable to accept post dated checks, post dated on-line bill pay checks, or any conditional order or payment. Purchases must be made in U.S. dollars and all checks must be drawn on a U.S. bank. If your check does not clear, you will be charged a \$25 service fee. You will also be responsible for any losses suffered by the Fund as a result. In the event a shareholder is unable to make the Fund whole in such a case, Frontegra will generally be responsible for any losses, with the right to seek indemnification or contribution from other parties. All applications to purchase shares of the Fund are subject to acceptance by the Company and are not binding until so accepted. The Company reserves the right to reject an application in whole or in part.

Investment through Financial Intermediaries. Alternatively, you may place an order to purchase shares of the Fund through a Financial Intermediary, who may charge a transaction fee for placing orders to purchase Fund shares or have policies or procedures that differ from those set forth in this Prospectus. It is the responsibility of the Financial Intermediary to place the order with the Fund on a timely basis. Please consult your Financial Intermediary regarding fee information and procedures for purchasing and selling shares of the Fund.

Important Information about Procedures for Opening a New Account. The Company, on behalf of the Fund, is required to comply with various anti-money laundering laws and regulations. To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions, including mutual funds, to obtain, verify and record information that identifies each person who opens an account. Consequently, the Transfer Agent will verify certain information on your account application as part of the Fund's Anti-Money Laundering Program. As requested on the application, you must supply your full name, date of birth, social security number and permanent street address. We may also ask for other identifying documents or information. Mailing addresses containing only a P.O. Box will not be accepted. Please contact the Transfer Agent at 1-888-825-2100 if you need additional assistance when completing your application.

If we do not have a reasonable belief of your identity, the account will be rejected or you will not be allowed to perform a transaction on the account until such information is received. The Fund also reserves the right to close the account within five business days if clarifying information and/or documentation is not received. If at any time the Fund detects suspicious behavior or if certain account information matches government lists of suspicious persons, the Fund may determine not to open an account, may close an existing account, may file a suspicious activity report or may take other action. Any delay in processing your order will affect the purchase price you receive for your shares. The Company and the Transfer Agent are not liable for fluctuations in NAV experienced as a result of such delays in processing.

In order to purchase shares, you must reside in a jurisdiction where Fund shares may lawfully be offered for sale. Shares of the Fund have not been registered for sale outside of the United States except to investors with United States military APO or FPO addresses. The Fund may not be sold to investors residing outside the United States and its territories, except upon evidence of compliance with the laws of the applicable foreign jurisdictions.

If you purchase shares of the Fund by check and request the redemption of such shares, payment of the redemption proceeds may be delayed for up to 12 days in order to ensure that the check for the investment has cleared. This is a security precaution only and does not affect your investment.

Multiple Classes. The Fund currently offers two different classes of shares: Institutional Class shares and Service Class shares. The different classes of shares represent investments in the same portfolio of securities but are subject to different expenses, which may affect their performance. The classes also differ with respect to their investment minimums. In addition, Service Class shares impose a shareholder servicing fee that is assessed against the assets of the Fund attributable to that class.

Subsequent Investments. You may make additions to your account by mail or by wire. When making an additional purchase by mail, enclose a check payable to "Frontier Funds, Inc." along with the additional investment form provided on the lower portion of your account statement.

Subsequent Investments by Wire. To make an additional purchase by wire, please contact the Transfer Agent to advise them of your intent to wire funds. This will ensure prompt and accurate credit upon receipt of your wire. To make an additional investment by wire, please follow the wire instructions used to open an account.

How to Redeem Shares. You may request redemption of part or all of your Fund shares at any time. The price you receive will be the NAV next determined after the Fund receives your request in proper form. Once your redemption request is received in proper form, the Fund normally will mail or wire your redemption proceeds the next business day and, in any event, no later than seven calendar days after receipt of a redemption request. However, where securities have been sold to generate cash for payment of a redemption, your redemption proceeds will not be paid until the first business day after the sales proceeds are received by the Fund. Also, the Fund may hold payment of your redemption proceeds until the Transfer Agent is reasonably satisfied that the purchase check has cleared, which may be up to 12 days. In addition to the redemption procedures described below, redemptions may also be made through Financial Intermediaries who may charge a commission or other transaction fee.

Written Redemption. To redeem shares in the Fund please furnish a written, unconditional request to: Frontier Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For written redemption requests sent via overnight delivery, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. Your request must (i) be signed exactly as the shares are registered, including the signature of each owner and (ii) specify the number of Fund shares or dollar amount to be redeemed. The Transfer Agent may request additional documentation from corporations, executors, administrators, trustees, guardians, agents or attorneys-in-fact. Redemption proceeds may be wired to a commercial bank authorized on your account. Please note that if you redeem shares by wire, you will be charged a \$15 service fee. If you have redeemed all of your shares, the wire fee would be deducted from the redemption proceeds. If you have only redeemed a portion of your account, the fee will be deducted from the remaining balance in your account. If the dollar amount requested to be redeemed is greater than the current value of your account, your entire account balance may be redeemed.

Shareholders that invest through an IRA or other retirement plan must indicate on their redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding.

Purchases In Kind. Shares of the Fund may be purchased “in kind,” subject to the approval of Frontegra and/or Phocas and their determination that the securities are acceptable investments for the Fund and that they have a value that is readily ascertainable in accordance with the Fund’s valuation policies. In an in kind purchase, investors transfer securities to the Fund in exchange for Fund shares. Securities accepted by the Fund in an in kind purchase will be valued at market value. In general, an investor transferring securities for shares will recognize a gain or loss, for federal income tax purposes, on an in kind purchase of the Fund, calculated as if the investor had sold the securities for their fair market value and used the proceeds to purchase shares of the Fund.

Redemptions In Kind. The Fund reserves the right to make a “redemption in kind” (a payment in portfolio securities rather than cash) if the amount you are redeeming is in excess of the lesser of (i) \$250,000 or (ii) 1% of the Fund’s assets. In such cases, you may incur brokerage costs in converting these securities to cash and would bear any market risk until the securities are converted into cash. For federal income tax purposes, redemptions in kind are taxed in the same manner as redemptions made in cash. The subsequent sale of securities received in kind may also result in realized gains or losses for federal income tax purposes.

Signature Guarantees. Signature guarantees are required in the following circumstances:

- for redemption proceeds sent to any person, address or bank account not on record;
- for requests to wire redemption proceeds (if not previously authorized on the account);
- for redemption requests submitted within 30 days of an address change;
- when changing account ownership; and
- in other situations deemed necessary by the Transfer Agent or the Fund to protect against the possibility of fraud.

A signature guarantee may be obtained from any bank, savings and loan association, credit union, brokerage firm or other eligible guarantor institution, but not a notary public. Non-financial transactions, including establishing or modifying certain services on an account, may require a signature verification from a Signature Validation Program member or other acceptable form of authentication from a financial institution source, such as notarization from commercial banks or brokerage firms.

Account Termination. Your account may be terminated by the Fund on not less than 30 days' notice if the value of the shares in an account falls below \$10,000 for Institutional Class shares and \$1,000 for Service Class shares as a result of redemptions. Upon any such termination, a check for the redemption proceeds will be sent to the address of record within seven calendar days of the redemption. If you hold your Fund shares in a taxable account, a termination of your account by the Fund will result in the realization of a capital gain or loss determined by reference to the adjusted basis of the shares in the account terminated and the NAV of such shares on the date of the termination.

Householding. In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses and annual and semi-annual reports you receive by sending only one copy of each to those addresses shared by two or more accounts, and to shareholders the Fund reasonably believes are from the same family or household. If you would like to discontinue householding for your accounts, please call toll-free at 888-825-2100 to request individual copies of these documents. Once the Fund receives notice to stop householding, the Fund will begin sending individual copies thirty days after receiving your request. This policy does not apply to account statements.

Market Timing Policy. The Fund or Frontegra may determine from the amount, frequency and pattern of exchanges that a shareholder is engaged in excessive trading that is detrimental to the Fund or its other shareholders. Such short-term or excessive trading into and out of the Fund may harm all shareholders by disrupting investment strategies, increasing brokerage, administrative and other expenses, decreasing tax efficiency and diluting the value of shares held by long-term shareholders.

The Board has approved policies that seek to discourage frequent purchases and redemptions and curb the disruptive effects of frequent trading (the "Market Timing Policy"). Pursuant to the Market Timing Policy, the Fund may decline to accept an application or may reject a purchase request, including an exchange, from a market timer or an investor who, in the Fund's discretion in consultation with Frontegra or Phocas, has a pattern of short-term or excessive trading or whose trading has been or may be disruptive to the Fund. In addition, the Fund reserves the right to reject any purchase, including an exchange, that could adversely affect the Fund or its operations. The Fund, Frontegra, Phocas and their affiliates are prohibited from entering into arrangements with any shareholder or other person to permit frequent purchases and redemptions of Fund shares.

The Fund monitors and enforces the Market Timing Policy through:

- the termination of a shareholder's purchase and/or exchange privileges;
- selective monitoring of trade activity; and
- regular reports to the Board by the Fund's Chief Compliance Officer regarding any unusual trading activity.

The Distributor or an affiliate has entered into shareholder information agreements with Financial Intermediaries, which enable the Distributor or an affiliate to request information to assist in monitoring for excessive short-term trading activity of individual shareholders within omnibus accounts. Omnibus accounts are accounts maintained by Financial Intermediaries on behalf of multiple beneficial shareholders. In some cases, the Fund may rely on the market timing policies of Financial Intermediaries, even if those policies are different from the Fund's policy, when the Fund believes that the policies are reasonably designed to prevent excessive trading practices that are detrimental to the Fund. If inappropriate trading is detected in an omnibus account, the Fund may request that the Financial Intermediary take action to prevent the underlying

shareholder from engaging in such trading and to enforce the Fund's or the Financial Intermediary's market timing policy. There may be legal and technological limitations on the ability of Financial Intermediaries to restrict the trading practices of their clients, and they may impose restrictions or limitations that are different from the Fund's policies. As a result, the Fund's ability to monitor and discourage excessive trading practices in omnibus accounts may be limited.

Shares of the Fund may be offered through Financial Intermediaries. If you purchase Fund shares through a Financial Intermediary, you may be subject to different fees or policies than those set forth in this Prospectus.

Shareholder Servicing Fee. The Company, on behalf of the Fund's Service Class shares, has adopted a shareholder servicing plan (the "Service Plan"). Pursuant to the Service Plan, the Service Class shares of the Fund pay an annual shareholder servicing fee of up to 0.15% per year to the Distributor for payments to Financial Intermediaries who provide on-going account services to shareholders. Those services include establishing and maintaining shareholder accounts, mailing prospectuses, account statements and other Fund documents to shareholders, processing shareholder transactions and providing other recordkeeping, sub-accounting and administrative services for Service Class shareholders.

Payments to Financial Intermediaries. From time to time, the Company, the Distributor or Frontegra enter into arrangements with brokers or other Financial Intermediaries pursuant to which such parties agree to perform sub-transfer agent, record-keeping, shareholder servicing or other administrative services on behalf of their clients who are shareholders of the Fund. Pursuant to these arrangements, the Distributor or Frontegra make payments to Financial Intermediaries for services provided to clients who hold shares of the Fund. In some circumstances, Institutional Class shares of the Fund directly pay the intermediary for performing sub-transfer agent and other administrative services to clients who hold Institutional Class shares of the Fund through an omnibus account in an amount that is intended to compensate the intermediary for its provision of services of the type that are provided by the Transfer Agent. Service Class shares of the Fund pay a shareholder servicing fee as described above.

In addition, the Distributor or Frontegra may pay additional compensation to certain Financial Intermediaries. Under these arrangements, the Distributor or Frontegra may make payments from their own resources, and not as an additional charge to the Fund, to a Financial Intermediary to compensate it for distribution and marketing services, including the opportunity to distribute the Fund. For example, the Distributor or Frontegra may compensate Financial Intermediaries for providing the Fund with "shelf space" or access to a third party platform or fund offering list or other marketing programs, including, without limitation, inclusion of the Fund on preferred or recommended sales lists, mutual fund "supermarket" platforms, other formal sales programs and other forms of marketing support. The amount of these payments is determined from time to time by the Distributor or an affiliate and may differ among such Financial Intermediaries based upon one or more of the following factors: gross sales, current assets, the number of accounts of the Fund held by the Financial Intermediaries or other factors agreed to by the parties. These payments are in addition to any service fees payable under the shareholder servicing arrangements as noted above. The receipt of (or prospect of receiving) such compensation may provide the Financial Intermediary and its salespersons with an incentive to favor sales of Fund, or a particular class of those shares, shares over other investment alternatives. You may wish to consider whether such arrangements exist when evaluating recommendations from a Financial Intermediary.

EXCHANGE PRIVILEGE

You may exchange all or a portion of your investment between classes or from one Frontier Fund to another Frontier Fund at any time by written request if you meet the minimum investment requirements for the class and fund into which you would like to exchange, and if the class and fund are open to new investors. The value of the shares to be exchanged and the price of the shares being purchased will be the NAV next determined after receipt of instructions for exchange in proper form. An exchange from one fund to another is treated, for federal income tax purposes, as a sale of the shares to be exchanged at their NAV and a subsequent use of the sales proceeds to purchase the replacement shares, and if you hold your Fund shares in a taxable account, will result in the realization of a capital gain or loss determined by reference to your adjusted basis in the shares to be exchanged and the NAV of those shares on the date of the exchange. Exchanges are not tax-free. However, a conversion from one class to another class within the same Fund will not be a taxable transaction.

Exchange requests should be directed to: Frontier Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For written exchange requests sent via overnight delivery, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. If your shares are held in an account with a Financial Intermediary, contact the Financial Intermediary. A Financial Intermediary may impose conditions on exchanges in addition to those disclosed in this prospectus.

Exchange requests may be subject to limitations under the Market Timing Policy to ensure that the exchanges do not disadvantage the Fund or its shareholders. The Company reserves the right to modify or terminate the exchange privilege upon 60 days' written notice to each shareholder prior to the modification or termination taking effect.

VALUATION OF FUND SHARES

Shares of each class of the Fund are sold at their NAV. The NAV for each class of the Fund is calculated using the market value of the Fund's investments and is determined as of the close of trading (generally 4:00 p.m. Eastern Time) on each day the NYSE is open for business. The Fund does not determine NAV on days the NYSE is closed. The NYSE is closed on New Year's Day, Martin Luther King, Jr. Day, Washington's Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. The price at which a purchase order or redemption request is effected is based on the next calculation of NAV after we receive your transaction request in good order.

In determining the Fund's NAV, each equity security traded on a securities exchange, including NASDAQ, is valued at the closing price on the exchange on which the security is principally traded. Exchange-traded securities for which there were no transactions on a given day are valued at the most recent bid price. Securities not listed on a securities exchange are valued at the most recent sale price. Short-term investments maturing within 60 days or less, which are not priced by a pricing service, may be valued by the amortized cost method, which approximates fair value.

Any securities or other assets for which market valuations are not readily available or are unreliable are valued at fair value as determined by Frontegra or Phocas in good faith and in accordance with procedures approved by the Board. Consequently, the price of a security used by the Fund to calculate its NAV may differ from the quoted or published price for the same security. The Fund may use fair value pricing if, for example, trading in a particular security is halted and does not resume before the Fund calculates its NAV or the exchange on which a security is traded closes early. Fair value pricing involves subjective judgments, and it is possible that the fair value determined for a security is materially different from the value that could be realized upon the sale of that security.

FRONTIER FUNDS

DISTRIBUTIONS AND FEDERAL INCOME TAX TREATMENT

As with any investment, you should consider how your investment in the Fund will be taxed. If your account is not a tax-deferred retirement account or other tax-advantaged savings plan (or you are not otherwise exempt from income tax), you should be aware of the following federal income tax implications.

Taxes on Distributions. The Fund intends to distribute substantially all of its investment company taxable income and net capital gain, if any, to shareholders at least annually. For federal income tax purposes, distributions of the Fund's investment company taxable income (which includes dividends, interest, the excess of any net short-term capital gain over net long-term capital loss, and net gain from foreign currency transactions) generally will be taxable to you as ordinary income whether reinvested in additional Fund shares or received in cash, unless such distributions are attributable to and reported by the Fund as "qualified dividend income" (generally, dividends received by the Fund from U.S. corporations and certain foreign corporations that are eligible for the benefits of a comprehensive tax treaty with the U.S.) and the shareholder satisfies certain holding period requirements. For non-corporate shareholders, "qualified dividend" income is currently eligible for the reduced federal income tax rates applicable to long-term capital gains. Currently, the maximum federal income tax rate applicable to long-term capital gains, and thus to qualified dividend income, is 20%.

If the Fund distributes any net capital gain (the excess of net long-term capital gain over net short-term capital loss), then such distributions will be taxable as long-term capital gain, whether reinvested in additional Fund shares or received in cash, and regardless of the length of time you have owned your shares. The Fund will inform shareholders of the federal income tax status of all distributions after the close of each calendar year.

When the Fund makes a distribution, the Fund's NAV decreases by the amount of the distribution. If you purchase shares shortly before a distribution, you will be subject to income taxes on the distribution, even though the value of your investment (plus cash, Fund shares, or in-kind securities received in the distribution, if any) remains the same. The Fund expects that, because of its investment objective, its distributions will consist primarily of net capital gain. All distributions will automatically be reinvested in shares of the Fund at the then-prevailing NAV unless you specifically request that either distributions of investment company taxable income or net capital gain or both be paid in cash. If you elect to receive distributions in cash, and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for six months, the Fund reserves the right to reinvest the distribution check in your account, at the Fund's then-current NAV, and to reinvest all subsequent distributions.

Prior to the closing of the Reorganization, the Fund will declare and pay to its shareholders of record as a distribution substantially all of its investment company taxable income and realized net capital gain, if any, through that date, and distribute that amount plus any previously declared but unpaid distributions, in order to continue to maintain its tax status as a regulated investment company.

The election to receive distributions in cash or reinvest them may be changed by writing to: Frontier Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For overnight deliveries, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. Such notice must be received at least five business days prior to the record date of any distribution.

Taxes on Sales, Redemptions and Exchanges. Your sale, exchange or redemption of Fund shares will generally result in a taxable capital gain or loss to you, depending on whether the sale, exchange or redemption proceeds, including in-kind proceeds, are more or less than your adjusted basis in the sold, exchanged or redeemed shares (generally, the amount you paid for the shares). Generally, the capital gain or loss will be long-term if you have held your Fund shares for more than one year and short-term if you have held your Fund shares for one year or less. Any capital loss arising from the sale, exchange or redemption of Fund shares held for six months or less, however, is treated as a long-term capital loss to the extent of any distributions of net capital gain received or deemed to be received with respect to such shares. As discussed above under "Exchange Privilege," an exchange of Fund shares for shares in any other Frontier Fund generally will have similar tax consequences to a

sale or redemption of Fund shares. If you purchase Fund shares (through reinvestment of distributions or otherwise) within 30 days before or after selling, exchanging or redeeming Fund shares at a loss, all or part of that loss will not be deductible and will instead increase the basis of the new shares.

Medicare Tax. In addition to the federal income tax, certain individuals, trusts and estates may be subject to a Medicare tax of 3.8%. The Medicare tax is imposed on the lesser of (i) a taxpayer's investment income, net of deductions properly allocable to such income, or (ii) the amount by which the taxpayer's modified adjusted gross income exceeds certain thresholds (\$250,000 for married individuals filing jointly, \$200,000 for unmarried individuals, and \$125,000 for married individuals filing separately). The Fund's distributions are includable in a shareholder's investment income for purposes of this Medicare tax. In addition, any capital gain realized on the sale, exchange or redemption of Fund shares is includable in a shareholder's investment income for purposes of this Medicare tax.

Withholding. Except in cases of certain exempt shareholders, including most corporations, if you do not furnish the Fund with your correct Social Security Number or Taxpayer Identification Number or the Fund receives notification from the Internal Revenue Service requiring back-up withholding, the Fund is required by federal law to withhold federal income tax from your distributions and redemption proceeds, currently at a rate of 28% for U.S. residents.

Cost Basis Reporting. The Fund is required to report to certain shareholders and the IRS the cost basis of Fund shares acquired on or after January 1, 2012, when the shareholder subsequently sells, exchanges or redeems those shares. The Fund will determine the cost basis of such shares using the average cost method unless you elect in writing any alternative IRS-approved cost basis method. Please see the SAI for more information regarding cost basis reporting.

This section is not intended to be a full discussion of federal income tax laws and the effect of such laws on you. There may be other federal, state, foreign or local tax considerations applicable to a particular investor. You are urged to consult your own tax adviser.

Please see the SAI for more information about taxes.
