F R O N T I E R F U N D S

S U M M A R Y S E C T I O N

Investment Objective. The investment objective of the Frontier Silk Invest New Horizons Fund (the “Fund”) is capital appreciation.

Fees and Expenses of the Fund. This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

	<u>Institutional</u>	<u>Service</u>
Shareholder Fees		
(fees paid directly from your investment)		
Redemption Fee (as a percentage of amount redeemed, if applicable)	2.00%	2.00%
Service Fee (for shares redeemed by wire)	\$15.00	\$15.00
Annual Fund Operating Expenses		
(expenses that you pay each year as a percentage of the value of your investment)		
Management Fees	1.45%	1.45%
Distribution (12b-1) Fees	NONE	NONE
Other Expenses		
Shareholder Servicing Fee	NONE	0.15%
Additional Other Expenses ⁽¹⁾	<u>0.82%</u>	<u>0.75%</u>
Total Other Expenses	<u>0.82%</u>	<u>0.90%</u>
Total Annual Fund Operating Expenses	2.27%	2.35%
Fee Waiver ⁽²⁾	<u>(0.42)%</u>	<u>(0.35)%</u>
<u>Total Annual Fund Operating Expenses After Fee Waiver</u>	<u>1.85%</u>	<u>2.00%⁽³⁾</u>

⁽¹⁾ “Additional Other Expenses” are based on estimated amounts for the current fiscal year.

⁽²⁾ Pursuant to an expense cap agreement between Frontegra Asset Management, Inc. (“Frontegra”), the Fund’s investment adviser, and the Fund, Frontegra has contractually agreed to waive its management fee and/or reimburse the Fund’s operating expenses to the extent necessary to ensure that the Fund’s total operating expenses (excluding taxes, interest, brokerage commissions, acquired fund fees and expenses (“AFFE”) and extraordinary expenses) do not exceed 1.85% and 2.00% of the Fund’s average daily net assets attributed to Institutional Class and Service Class shares, respectively. Frontegra is entitled to recoup the fees waived and/or expenses reimbursed within a three-year period from the time the expenses were incurred to the extent of the expense limitation described above and in place at the time of recoupment. The expense cap agreement will continue in effect until October 31, 2018, with successive renewal terms of one year unless terminated by Frontegra or the Company prior to any such renewal.

⁽³⁾ The “Total Annual Fund Operating Expenses After Fee Waiver” for the Service Class shares do not correlate to the “Ratio of expenses to average net assets” figure in the Financial Highlights section of this Prospectus because the Service Class shares accrued only 0.10% for Shareholder Servicing Fees during the fiscal period from the Service Class’ inception on May 27, 2016 until October 31, 2016.

Example. The following example is intended to help you compare the cost of investing in the shares of the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	<u>1 Year</u>	<u>3 Years</u>
Institutional Class	\$188	\$627
Service Class	\$203	\$665

FRONTIER FUNDS

S U M M A R Y S E C T I O N (continued)

Portfolio Turnover. The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund’s performance. For the fiscal period from the Fund’s inception on May 25, 2016 until October 31, 2016, the Fund had a portfolio turnover rate of 15% of the average value of its portfolio.

Principal Investment Strategy. Under normal market conditions the Fund will invest at least 80% of its net assets in securities of issuers located in frontier markets or whose primary operations or principal trading markets are in frontier markets and depositary receipts (including American Depositary Receipts) of such issuers. In general, “frontier” market countries are currently considered by the Fund’s subadviser, Silk Invest Limited (“Silk”), to be those countries included in at least one of the following frontier markets indices: MSCI Frontier Markets Index, Russell Frontier Index, FTSE Frontier Index or S&P Frontier BMI Index. These countries typically are located in Central and Eastern Europe, Africa, the Middle East, Asia and Central and South America.

Silk considers the following countries, among others, to be frontier markets:

- Central and Eastern Europe: Belarus, Bosnia and Herzegovina, Bulgaria, Croatia, Czech Republic, Estonia, Georgia, Hungary, Latvia, Lithuania, Macedonia, Montenegro, Romania, Serbia, Slovakia, Slovenia, Turkey, and Ukraine
- Africa: Botswana, Cote d’Ivoire, Egypt, Ghana, Kenya, Malawi, Mauritius, Morocco, Mozambique, Namibia, Nigeria, South Africa, Swaziland, Tanzania, Tunisia, Uganda, Zambia, and Zimbabwe
- Middle East: Bahrain, Jordan, Kuwait, Lebanon, Oman, Qatar, Saudi Arabia, and United Arab Emirates
- Asia: Azerbaijan, Bangladesh, Cambodia, Indonesia, Kazakhstan, Mongolia, Pakistan, Philippines, Sri Lanka, Thailand, Turkmenistan, Vietnam
- Central and South America: Argentina, Chile, Colombia, Ecuador, Jamaica, Panama, Paraguay, Peru, Trinidad and Tobago, Uruguay, Venezuela

The Fund will predominantly invest in equity securities. The Fund may invest in companies of any market capitalization. The Fund’s exposure to certain frontier markets typically will be effected through participation notes (“P-Notes”), which are equity-linked derivatives issued by banks or broker-dealers that are designed to replicate the performance of certain issuers. The Fund will have significant investments in the financial services and telecommunications services sectors.

Silk may make adjustments to the list of frontier markets countries from time to time based on economic criteria, market changes, or other factors.

Principal Investment Risks.

Market Risks. The Fund’s investments are subject to market risk, which may cause the value of the Fund’s investments to decline. If the value of the Fund’s investments goes down, the share price of the Fund will go down, and you may lose money. U.S. and international markets have experienced extreme volatility, reduced liquidity, credit downgrades, increased likelihood of default and valuation difficulties in recent years.

Equity Securities Risks. Common stocks and other equity securities held by the Fund will fluctuate in value based on the earnings of the company and on general industry and market conditions. A fund that invests a significant amount of its assets in common stocks and other equity securities is likely to have greater fluctuations in share price than a fund that invests a significant portion of its assets in fixed income securities.

Stock Selection Risks. The stocks selected for the Fund may decline in value or not increase in value when the stock market in general is rising.

FRONTIER FUNDS

S U M M A R Y S E C T I O N (continued)

Foreign Securities Risks. Investments in securities of foreign companies involve additional risks, including less liquidity, currency-rate fluctuations, political and economic instability, differences in financial reporting standards and securities market regulation, and imposition of foreign withholding taxes. Geopolitical events, including those in the Ukraine and Middle East, may also cause market disruptions.

Depository Receipts Risks. The risks of depository receipts (including American Depository Receipts (“ADRs”), Global Depository Receipts (“GDRs”) and European Depository Receipts (“EDRs”)) include many of the risks associated with investing directly in foreign securities, such as currency-rate fluctuations and political and economic instability.

Frontier Markets Risks. Investments in frontier markets can involve risks in addition to and greater than those generally associated with investing in more developed foreign markets. Frontier market countries generally have smaller economies or less developed capital markets than traditional emerging markets and, as a result, the risks of investing in emerging markets countries are magnified in frontier market countries. Frontier market economies can be subject to greater social, economic, regulatory, and political uncertainties. Adverse government policies, taxation, restrictions on foreign investment and on currency convertibility and repatriation, currency fluctuations and other developments in laws and regulations of frontier countries in which Fund investments may be made, including expropriation, nationalism and other confiscation, could result in loss.

Emerging Markets Risks. Emerging market countries may have relatively unstable governments, weaker economies and less developed legal systems with fewer securities holder rights. Emerging market economies may be based on only a few industries and security issuers may be more susceptible to economic weakness and more likely to default. Emerging market securities also tend to be less liquid.

Valuation Risks. The sale price the Fund could receive for any particular portfolio investment may differ from the Fund’s valuation of the investment, particularly for securities that trade in thin or volatile markets or that are valued using a fair value methodology.

Sector Weightings Risk. To the extent the Fund emphasizes, from time to time, investments in a particular sector, the Fund will be subject to a greater degree to the risks particular to that sector, including the sectors described below. Market conditions, interest rates, and economic, regulatory, or financial developments could significantly affect all the securities in a single sector. If the Fund invests in a few sectors, it may have increased exposure to the price movements of those sectors.

Financial Services Sector Risks. To the extent that the Fund invests a significant portion of its assets in the financial services sector, the Fund will be sensitive to changes in, and its performance will depend to a greater extent on, the overall condition of the financial services sector. Companies in the financial services sector may be subject to extensive government regulation that affects the scope of their activities, the prices they can charge and the amount of capital they must maintain.

Telecommunication Services Sector Risk. To the extent that the Fund invests a significant portion of its assets in the telecommunications services sector, the Fund will be sensitive to changes in, and its performance will depend to a greater extent on, the overall condition of the telecommunications services sector. Companies in the telecommunication services sector may encounter distressed cash flows due to the need to commit substantial capital to meet increasing competition, particularly in formulating new products and services using new technology.

Currency Risks. The value of the Fund’s foreign holdings as measured in U.S. dollars may be affected unfavorably by changes in foreign currency exchange rates. The Fund may also incur costs in connection with conversions between various currencies. Currency rates in foreign countries may fluctuate significantly over short periods of time for a number of reasons, including, but not limited to, changes in interest rates, central banks or supranational entities such as the International Monetary Fund (“IMF”) or managed adjustments in relative currency values and other protectionist measures imposed or negotiated by countries with which frontier market companies trade. For example, Nigeria has experienced economic challenges and liquidity issues with respect to its currency.

FRONTIER FUNDS

S U M M A R Y S E C T I O N (continued)

Small- and Medium-Capitalization Company Risks. Small-capitalization and medium-capitalization companies are often more volatile and less liquid than investments in larger companies. The frequency and volume of trading in securities of medium-capitalization and small-capitalization companies may be substantially less than is typical of larger companies.

P-Note Risks. P-Notes are issued by banks or broker-dealers and are designed to offer a return linked to the performance of an underlying security or market. The risks of P-Notes include many of the risks associated investing directly in foreign securities. Additionally, P-Notes may be subject to counterparty risk, which is the risk that the broker-dealer or bank that issues the notes will not fulfill its contractual obligations under the notes.

New Fund Risks. The Fund has only a limited history of operations. Silk has not previously acted as an investment adviser or subadviser to an investment company registered with the SEC. As the subadviser to a mutual fund, Silk is subject to additional limitations imposed by the Investment Company Act of 1940, as amended, and the Internal Revenue Code of 1986, as amended. Additionally, there can be no assurance that the Fund will grow to or maintain an economically viable size.

Management Risks. The Fund is subject to management risk as an actively-managed investment portfolio and depends on the decisions of the portfolio management team to produce the desired results.

Liquidity Risks. From time to time, the trading market for a particular security or type of security in which the Fund invests may become less liquid or even illiquid. The Fund may not be able to sell certain securities when Silk considers it desirable to do so and/or may have to sell the security at a lower price. Market prices for such securities may be volatile.

Cybersecurity Risks. Despite the various protections utilized by the Fund and its service providers, systems, networks, or devices utilized by the Fund potentially can be breached. The Fund and its shareholders could be negatively impacted as a result of a cybersecurity breach.

Performance. Performance information for the Fund is not included because the Fund does not have returns for one full calendar year. Updated performance information is available on the Company’s website www.frontiermutualfunds.com or by calling toll-free 1-800-825-2100.

Management.

Investment Adviser and Subadviser. Frontegra is the investment adviser to the Fund. Silk is the subadviser to the Fund.

Portfolio Managers.

<u>Name</u>	<u>Portfolio Manager of the Fund Since</u>	<u>Title</u>
Olufunmilayo Akinluyi	Inception of the Fund in 2016	Lead Portfolio Manager
Zin El Abidin Bekkali	Inception of the Fund in 2016	Chief Investment Officer and Portfolio Manager

Purchase and Sale of Fund Shares. You may purchase or redeem shares of the Fund on any business day by written request to Frontier Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701, by wire or through a financial intermediary. The minimum initial and subsequent investment amounts are shown below, which may be modified for purchases made through certain financial intermediaries. The Fund may reduce or waive the minimums in its sole discretion.

	<u>Minimum Initial Investment</u>	<u>Minimum Subsequent Investments</u>
Institutional Class	\$100,000	\$1,000
Service Class	\$10,000	\$1,000

S U M M A R Y S E C T I O N *(continued)*

Tax Information. The Fund's distributions are taxable, and will be taxed as ordinary income or long-term capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an IRA. You may be taxed later upon withdrawal of funds from these tax-deferred accounts.

Payments to Broker-Dealers and Other Financial Intermediaries. If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create conflicts of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

FRONTIER FUNDS

PRINCIPAL INVESTMENT STRATEGY AND RELATED RISKS

Investment Objective. The investment objective of the Fund is capital appreciation. This investment objective is fundamental and may not be changed without shareholder approval.

Principal Investment Strategy. Under normal market conditions, the Fund will invest at least 80% of its net assets in securities of issuers located in frontier markets or whose primary operations or principal trading markets are in frontier markets, and depositary receipts, including ADRs, GDRs and EDRs.

The Fund will predominantly invest in listed equity securities and may invest in the equity securities of companies of any size. The Fund may invest in companies of any market capitalization. The Fund's exposure to certain frontier markets typically will be effected through P-Notes. The Fund will have significant investments in the financial services and telecommunications services sectors.

Silk's investment philosophy is to combine fundamental in-depth research and a conservative valuation approach with a diversification strategy designed to limit downside risk.

Silk utilizes quantitative analysis to screen the investment universe and fundamental analysis in selecting securities for the Fund's portfolio. Silk's selection process begins with a quantitative analysis of potential investments, looking for certain metrics to define the country universe and the liquidity of the investments. Silk then narrows the universe of potential investments through fundamental analysis to determine the intrinsic value of a security. Silk examines certain economic, financial, and other qualitative and quantitative factors, including both macro-economic factors, such as the overall economy and industry conditions, and company-specific factors, such as management. Silk purchases securities that have a favorable combination of qualitative and quantitative factors.

Silk may sell securities which no longer meet the investment criteria set forth above, to secure gains, limit losses or redeploy assets to more promising opportunities.

Temporary Strategy. The Fund may invest up to 100% of its total assets in cash, money market mutual funds and short-term fixed income securities as a temporary defensive position during adverse market, economic or political conditions, or in other limited circumstances, such as in the case of unusually large cash inflows or redemptions. When so invested, the Fund may not achieve its investment objective.

Principal Risk Factors.

Market Risks. The Fund's investments are subject to market risk, which may cause the value of the Fund's investments to decline. If the value of the Fund's investments goes down, the share price of the Fund will go down, and you may lose money. U.S. and international markets have experienced extreme volatility, reduced liquidity, credit downgrades, increased likelihood of default and valuation difficulties in recent years.

Equity Securities Risks. Common stocks and other equity securities held by the Fund will fluctuate in value based on the earnings of the company and on general industry and market conditions. A fund that invests a significant amount of its assets in common stocks and other equity securities is likely to have greater fluctuations in share price than a fund that invests a significant portion of its assets in fixed income securities.

Stock Selection Risks. Stock prices vary and may fall, thus reducing the value of the Fund's investments. The stocks selected for the Fund may decline in value or not increase in value when the stock market in general is rising.

Foreign Securities Risks. Most of the Fund's investments will be in securities issued by foreign companies, which makes the Fund subject to more risks than if it invested solely in domestic common stocks. Investments in securities of foreign companies involve additional risks, including less liquidity, currency-rate fluctuations, political and economic instability, differences in financial reporting standards and securities market regulation, and imposition of foreign withholding taxes. Risks of foreign common stocks also include higher brokerage costs, expropria-

FRONTIER FUNDS

**PRINCIPAL INVESTMENT STRATEGY
AND RELATED RISKS** *(continued)*

tion or nationalization, transfer restrictions and restrictions on foreign investments and exchange of securities. Geopolitical events, including those in the Ukraine and the Middle East, may also cause market disruptions.

Depository Receipts Risks. The Fund invests in foreign securities by purchasing depository receipts, including ADRs, GDRs and EDRs. These securities may not necessarily be denominated in the same currency as the securities into which they may be converted. Depository receipts are typically issued by a U.S. or foreign bank or trust company evidencing its ownership of the underlying securities. The risks of such depository receipts include many of the risks associated with investing directly in foreign securities such as individual country risk (e.g., political and economic) and currency risk.

Frontier Markets Risks. Investments in frontier markets can involve risks in addition to and greater than those generally associated with investing in more developed foreign markets. Frontier markets countries generally have smaller economies or less developed capital markets than traditional emerging markets and, as a result, the risks of investing in emerging markets countries are magnified in frontier markets countries. The extent of economic development, political stability, market depth, infrastructure, capitalization, and regulatory oversight can be less than in more developed markets. Frontier market economies can be subject to greater social, economic, regulatory, and political uncertainties. Adverse government policies, taxation, restrictions on foreign investment and on currency convertibility and repatriation, currency fluctuations and other developments in laws and regulations of frontier countries in which Fund investments may be made, including expropriation, nationalism and other confiscation, could result in loss. In addition to withholding taxes on investment income, some countries with frontier markets may impose different capital gains taxes on foreign investors. All of these factors can make frontier market securities more volatile and potentially less liquid than securities issued in more developed markets, including more developed emerging markets.

Emerging Markets Risks. Emerging market countries may have relatively unstable governments, weaker economies, and less-developed legal systems than more developed foreign markets. Emerging market economies may be based on only a few industries and security issuers may be more susceptible to economic weakness and more likely to default. Emerging market securities also tend to be less liquid. Investments in emerging markets countries may be affected by government policies that restrict foreign investment in certain issues or industries. Investments in emerging market securities may be more volatile than investments in developed countries, and such securities may be subject to abrupt and severe price declines. In addition to withholding taxes on investment income, some countries with emerging markets may impose different capital gains taxes on foreign investors.

Valuation Risks. The sale price the Fund could receive for any particular portfolio investment may differ from the Fund's valuation of the investment, particularly for securities that trade in thin or volatile markets or that are valued using a fair value methodology. Investors who purchase or redeem Fund shares on days when the Fund is holding fair-valued securities may receive fewer or more shares or lower or higher redemption proceeds than they would have received if the Fund had not fair-valued the security or had used a different valuation methodology.

Sector Weightings Risk. To the extent the Fund emphasizes, from time to time, investments in a particular sector, the Fund will be subject to a greater degree to the risks particular to that sector, including the sectors described below. Market conditions, interest rates, and economic, regulatory, or financial developments could significantly affect a single sector. If a Fund invests in only a few sectors it will have more exposure to the price movements of those sectors.

Financial Services Sector Risks. To the extent that the Fund invests a significant portion of its assets in the financial services sector, the Fund will be sensitive to changes in, and its performance will depend to a greater extent on, the overall condition of the financial services sector. The financial services sector includes, among others, the following industries: commercial banking, investment banking and brokerage, consumer finance, insurance and real estate management. Companies in the financial services sector may be subject to extensive government

FRONTIER FUNDS

**PRINCIPAL INVESTMENT STRATEGY
AND RELATED RISKS** *(continued)*

regulation that affects the scope of their activities, the prices they can charge and the amount of capital they must maintain. The profitability of companies in the financial services sector may be adversely affected by increases in interest rates, by loan losses, which usually increase in economic downturns, and by credit rating downgrades. In addition, the financial services sector is undergoing numerous changes, including continuing consolidations, development of new products and structures and changes to its regulatory framework.

Telecommunication Services Sector Risk. To the extent that the Fund invests a significant portion of its assets in the telecommunication services sector, the Fund will be sensitive to changes in, and its performance will depend to a greater extent on, the overall condition of the telecommunications services sector. The telecommunication services sector is characterized by increasing competition and government regulation. Companies in the telecommunication services sector may encounter distressed cash flows due to the need to commit substantial capital to meet increasing competition, particularly in formulating new products and services using new technology. Technological innovations may make the products and services of certain telecommunication companies obsolete.

Currency Risks. The value of the Fund's foreign holdings as measured in U.S. dollars may be affected unfavorably by changes in foreign currency exchange rates. The Fund may also incur costs in connection with conversions between various currencies. Currency rates in foreign countries may fluctuate significantly over short periods of time for a number of reasons, including changes in interest rates, intervention (or the failure to intervene) by U.S. or foreign governments, central banks or supranational entities such as the IMF, managed adjustments in relative currency values and other protectionist measures imposed or negotiated by countries with which frontier market companies trade, or by the imposition of currency controls or other political developments in the United States or abroad. For example, Nigeria has experienced economic challenges and liquidity issues with respect to its currency. As a result of these and other currency risks, the Fund's investments in foreign currency denominated securities may reduce the returns of the Fund.

Small- and Medium-Capitalization Company Risks. Small-capitalization and medium-capitalization companies are often more volatile and less liquid than investments in larger companies. The frequency and volume of trading in securities of medium-capitalization and small-capitalization companies may be substantially less than is typical of larger companies. Therefore, securities of these companies may be subject to greater and more abrupt price fluctuations and may lack the management experience, financial resources and product diversification of larger companies, making them more susceptible to market pressures and business failure.

P-Note Risks. P-Notes are issued by banks or broker-dealers and are designed to offer a return linked to the performance of an underlying security or market. P-Notes may be purchased to gain access to markets that are restricted to direct investment by foreign investors. The risks of P-Notes include many of the risks associated with investing directly in foreign securities. Additionally, P-Notes may be subject to counterparty risk, which is the risk that the broker-dealer or bank that issues the notes will not fulfill its contractual obligation under the notes. Additionally, while P-Notes may trade on an exchange, there is no guarantee that a liquid market will exist or that the counterparty or issuer of a P-Note will be willing to repurchase such instrument when the Fund wishes to sell it.

New Fund Risks. The Fund has only a limited history of operations. Silk has not previously acted as investment adviser or subadviser to an investment company registered with the SEC. As the subadviser to a mutual fund, Silk is subject to additional limitations imposed by the Investment Company Act of 1940, as amended, and the Internal Revenue Code of 1986, as amended. Additionally, there can be no assurance that the Fund will grow to or maintain an economically viable size.

Management Risks. The Fund is subject to management risk as an actively-managed investment portfolio and depends on the decisions of the portfolio manager to produce the desired results.

FRONTIER FUNDS

PRINCIPAL INVESTMENT STRATEGY AND RELATED RISKS *(continued)*

Liquidity Risks. From time to time, the trading market for a particular security or type of security in which the Fund invests may become less liquid or even illiquid. Reduced liquidity will have an adverse impact on the Fund's ability to sell such securities when necessary to meet the Fund's liquidity needs or in response to a specific economic event and will also generally lower the value of a security. Market prices for such securities may be volatile. An inability to sell a portfolio position can adversely affect the Fund's value or prevent the Fund from being able to meet cash obligations or take advantage of other investment opportunities.

Cybersecurity Risks. The computer systems, networks and devices used by the Fund and its service providers to carry out routine business operations employ a variety of protections designed to prevent damage or interruption from computer viruses, network failures, computer and telecommunication failures, infiltration by unauthorized persons and security breaches. Despite the various protections utilized by the Fund and its service providers, systems, networks, or devices potentially can be breached. The Fund and its shareholders could be negatively impacted as a result of a cybersecurity breach. Cybersecurity breaches can include unauthorized access to systems, networks, or devices; infection from computer viruses or other malicious software code; and attacks that shut down, disable, slow, or otherwise disrupt operations, business processes, or website access or functionality. Cybersecurity breaches may cause disruptions and impact the Fund's business operations, potentially resulting in financial losses; interference with the Fund's ability to calculate its NAV; impediments to trading; the inability of the Fund, Frontegra, Silk, and other service providers to transact business; violations of applicable privacy and other laws; regulatory fines; penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs; as well as the inadvertent release of confidential information.

Portfolio Holdings Disclosure Policy. A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the SAI.

FINANCIAL HIGHLIGHTS

The financial highlights tables describe the financial performance for the Fund’s Institutional Class and Service Class shares since inception. Certain information reflects financial results for a single Fund share. The total returns in the tables represent the rate that an investor would have earned (or lost) on an investment in the Fund for the stated period (assuming reinvestment of all distributions). The information has been audited by Cohen & Company, Ltd. (“Cohen”). The Fund’s financial statements, along with Cohen’s report, are included in the Fund’s annual report, which is available upon request.

FUND MANAGEMENT

Board of Directors. Under the laws of the State of Maryland, the Board of Directors of the Company (the “Board”) is responsible for managing the Company’s business and affairs. The Board also oversees matters required by applicable state and federal law. The Company has entered into an investment advisory agreement with Frontegra pursuant to which Frontegra supervises the management of the Fund’s investments and business affairs, subject to the supervision of the Board. Frontegra has entered into a subadvisory agreement with Silk under which Silk manages the Fund’s portfolio, subject to Frontegra’s supervision. Frontegra provides office facilities for the Fund and pays the salaries, fees and expenses of all officers and directors of the Fund who are interested persons of Frontegra.

Adviser. The Company is managed by Frontegra, which supervises the management of the Fund’s portfolio by Silk and administers the Company’s business affairs. Frontegra was organized in 1996 and is located at 400 Skokie Boulevard, Suite 500, Northbrook, Illinois 60062. William D. Forsyth III, the President of the Company and Frontegra, owns 100% of Frontegra. Frontegra is affiliated with Frontier Partners, Inc., a consulting firm that provides marketing services to third party investment advisers, including Silk.

A discussion regarding the Board’s basis for approving the investment advisory agreement and subadvisory agreement is included in the Fund’s annual report for the period ended October 31, 2016.

Management Fees. Under the investment advisory agreement, the Fund compensates Frontegra at the annual rate of 1.45% of the Fund’s average daily net assets. Pursuant to an expense cap agreement between Frontegra and the Fund, Frontegra has agreed to waive its management fee and/or reimburse the Fund’s operating expenses to the extent necessary to ensure that the Fund’s total operating expenses (excluding taxes, interest, brokerage commissions, AFFE and extraordinary expenses) do not exceed 1.85% and 2.00% of the Fund’s average daily net assets for Institutional Class and Service Class shares, respectively. The expense cap agreement will continue in effect until October 31, 2018, with successive renewal terms of one year unless terminated by Frontegra or the Company prior to any such renewal. The expense cap agreement has the effect of lowering the overall expense ratio for the Fund and increasing the Fund’s overall return to investors during the time any such amounts are waived and/or reimbursed. The expense cap agreement may have the effect of increasing the Fund’s overall expense ratio during the periods where Frontegra recoups previously waived or reimbursed expenses, subject to the expense limitation agreement in place at the time of recoupment.

Silk Invest Limited. Silk is a limited liability company organized under the laws of the United Kingdom and was formed in May 2008. Silk is an investment advisory firm authorized and regulated in the United Kingdom by the Financial Conduct Authority (“FCA”) and registered as an investment adviser with the SEC since September 2012. Silk is located at 78 Cannon Street, London, EC4N 6HL, United Kingdom. Under the subadvisory agreement, Silk is compensated by Frontegra for its investment subadvisory services from the advisory fees received by Frontegra from the Fund, after giving effect to the expense cap agreement. Silk provides a continual program of investment and evaluation for the Fund and is responsible for selecting the broker-dealers who execute portfolio transactions for the Fund. In addition to providing portfolio management services to the Fund, Silk serves as investment adviser to other collective investment vehicles and non U.S. investment funds. As of January 31, 2017, Silk had discretion over assets under management of approximately U.S. \$115.3 million.

Portfolio Managers. Olufunmilayo Akinluyi serves as the Fund’s lead portfolio manager, and Zin El Abidin Bekkali serves as Chief Investment Officer and portfolio manager.

Ms. Akinluyi was one of the co-founders of Silk in 2008 and currently serves as the lead portfolio manager of the Silk Frontier and African Equity strategies. Prior to joining Silk, Ms. Akinluyi was a risk analyst at Northern Trust and Barings Asset Management from 2007 until 2008, the lead portfolio manager at IBTC Chartered Nigeria (currently, Stanbic IBTC) for African equity and fixed income funds from 2005 until 2007, and the Head of Research and Business Development at Orwell International Nigeria from 2004 until 2005. She holds a bachelor’s degree in Economics from the University of Lagos, Nigeria, a Master’s degree in Finance and DIC from Imperial College London and has completed the Investment Management Program from the London Business School. Ms. Akinluyi is a Nigerian citizen and is based in London, England.

FRONTIER FUNDS

FUND MANAGEMENT (continued)

Mr. Bekkali has been Chief Executive Officer and a portfolio manager since founding Silk in 2008. From 2004 to 2008, Mr. Bekkali led groups in strategy, product development, operations and M&A transactions at Fortis Investments. Prior to that, he consulted in private equity at Bain & Company from 2003 until 2004. He also previously served as manager of insurance assets in Eastern Europe and Head of Business Services at ING Investment Management from 1999 until 2003. Mr. Bekkali was born in the Netherlands and holds Moroccan and Dutch citizenship. He has lived in Africa, Europe and Asia and speaks Dutch, Arabic, French and English. He holds a bachelor's degree in Econometrics and a Master's degree in Operations Research & Management from the University of Amsterdam. Mr. Bekkali is a CFA charter holder and he completed his Executive Masters in Business Administration from the London Business School of the University of London.

The Fund's SAI provides additional information about the Fund's portfolio managers, including other accounts managed, ownership of Fund shares and compensation.

Custodian, Transfer Agent and Administrator. U.S. Bank, N.A. acts as custodian of the Fund's assets. U.S. Bancorp Fund Services, LLC serves as transfer agent for the Fund (the "Transfer Agent") and as the Fund's administrator. U.S. Bank, N.A. and U.S. Bancorp Fund Services, LLC are affiliated entities.

Distributor. Frontegra Strategies, LLC (the "Distributor"), 400 Skokie Boulevard, Suite 500, Northbrook, Illinois 60062 acts as the principal distributor of the Fund's shares. The Distributor is managed and owned by Mr. Forsyth, who manages and owns the Fund's investment adviser, Frontegra. Accordingly, the Distributor and Frontegra are affiliates.

YOUR ACCOUNT

How to Purchase Shares. Shares of the Fund are sold on a continuous basis at net asset value ("NAV"). The Fund's NAV is determined as of the close of trading on the New York Stock Exchange (the "NYSE") (generally 4:00 p.m., Eastern Time) on each day the NYSE is open. The NAV for a class of shares is determined by adding the value of the Fund's investments, cash and other assets attributable to that class, subtracting the liabilities attributable to that class and then dividing the result by the total number of shares outstanding for the class. Due to the fact that different expenses are charged to the Institutional Class and Service Class shares of the Fund, the NAV of the two classes may vary. Your purchase price will be the Fund's NAV next determined after the Fund or an authorized agent, such as a fund supermarket or broker-dealer who is authorized by the Distributor or an affiliate to sell shares of the Fund (collectively, "Financial Intermediaries"), receives your request in proper form. The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Deposit in the mail or with a delivery service does not constitute receipt by the Transfer Agent. A confirmation indicating the details of the transaction will be sent to you promptly. Shares are credited to your account, but certificates are not issued. However, you will have full shareholder rights.

Investments may be made by mail or wire. The investment minimums noted above are waived for investments by qualified employee benefit plans. Investment minimums may also be waived or reduced at the Fund's discretion for certain registered investment advisers, broker-dealers, other financial intermediaries and individuals accessing accounts through registered investment advisers. The Fund reserves the right to change or waive these minimums at any time. You will be given at least 30 days' notice of any increase in the minimum dollar amount of purchases.

Initial Investment by Mail. You may purchase shares of the Fund by completing an application and mailing it along with a check payable to "Frontier Funds, Inc." to: Frontier Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For overnight deliveries, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. The Fund will not accept payment in cash or money orders. The Fund also does not accept cashier's checks in amounts of less than \$10,000. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks or starter checks for the purchase of shares. The Fund is unable to accept post dated checks, post dated on-line bill pay checks, or any conditional order or payment. Purchases must be made in U.S.

F R O N T I E R F U N D S

YOUR ACCOUNT *(continued)*

dollars and all checks must be drawn on a U.S. bank. If your check does not clear, you will be charged a \$25 service fee. You will also be responsible for any losses suffered by the Fund as a result. In the event a shareholder is unable to make the Fund whole in such a case, Frontegra will generally be responsible for any losses, with the right to seek indemnification or contribution from other parties. All applications to purchase shares of the Fund are subject to acceptance by the Company and are not binding until so accepted. The Company reserves the right to reject an application in whole or in part.

Initial Investment by Wire. In addition, you may purchase shares of the Fund by wire. Instruct your bank to use the following instructions when wiring funds:

Wire to: U.S. Bank, N.A.
777 E. Wisconsin Ave.
Milwaukee, WI 53202
ABA Number 075000022

Credit to: U.S. Bancorp Fund Services, LLC
Account Number 112-952-137

Further credit to: Frontier Funds, Inc.
Frontier Silk Invest New Horizons Fund
(Class of Shares)
(investor account number)
(name or account registration)

If you are making an initial investment in the Fund, before you wire funds, please contact the Transfer Agent by phone to make arrangements with a telephone service representative to submit your completed application via mail, overnight delivery, or facsimile. Upon receipt of your application, your account will be established and a service representative will contact you within 24 hours to provide an account number and to confirm the wiring instructions.

The Fund is not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system. Wired funds must be received prior to 4:00 p.m. Eastern time to be eligible for same day pricing.

Investment through Financial Intermediaries. Alternatively, you may place an order to purchase shares of the Fund through a Financial Intermediary, who may charge a transaction fee for placing orders to purchase Fund shares or have policies or procedures that differ from those set forth in this Prospectus. It is the responsibility of the Financial Intermediary to place the order with the Fund on a timely basis. Please consult your Financial Intermediary regarding fee information and procedures for purchasing and selling shares of the Fund.

Important Information about Procedures for Opening a New Account. The Company, on behalf of the Fund, is required to comply with various anti-money laundering laws and regulations. To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions, including mutual funds, to obtain, verify and record information that identifies each person who opens an account. Consequently, the Transfer Agent will verify certain information on your account application as part of the Fund's Anti-Money Laundering Program. As requested on the application, you must supply your full name, date of birth, social security number and permanent street address. We may also ask for other identifying documents or information. Mailing addresses containing only a P.O. Box will not be accepted. Please contact the Transfer Agent at 1-888-825-2100 if you need additional assistance when completing your application.

If we do not have a reasonable belief of your identity, the account will be rejected or you will not be allowed to perform a transaction on the account until such information is received. The Fund also reserves the right to close the account within five business days if clarifying informa-

FRONTIER FUNDS

YOUR ACCOUNT *(continued)*

tion and/or documentation is not received. If at any time the Fund detects suspicious behavior or if certain account information matches government lists of suspicious persons, the Fund may determine not to open an account, may close an existing account, may file a suspicious activity report or may take other action. Any delay in processing your order will affect the purchase price you receive for your shares. The Company and the Transfer Agent are not liable for fluctuations in NAV experienced as a result of such delays in processing.

In order to purchase shares, you must reside in a jurisdiction where Fund shares may lawfully be offered for sale. Shares of the Fund have not been registered for sale outside of the United States except to investors with United States military APO or FPO addresses. The Fund may not be sold to investors residing outside the United States and its territories, except upon evidence of compliance with the laws of the applicable foreign jurisdictions.

If you purchase shares of the Fund by check and request the redemption of such shares, payment of the redemption proceeds may be delayed for up to 12 days in order to ensure that the check for the investment has cleared. This is a security precaution only and does not affect your investment.

Multiple Classes. The Fund currently offers two different classes of shares, Institutional Class shares and Service Class shares. The different classes of shares represent investments in the same portfolio of securities but are subject to different expenses, which may affect their performance. The classes also differ with respect to their investment minimums. In addition, Service Class shares impose a shareholder servicing fee that is assessed against the assets of the Fund attributable to that class.

Subsequent Investments. You may make additions to your account by mail or by wire. When making an additional purchase by mail, enclose a check payable to "Frontier Funds, Inc." along with the additional investment form provided on the lower portion of your account statement.

Subsequent Investments by Wire. To make an additional purchase by wire, please contact the Transfer Agent to advise them of your intent to wire funds. This will ensure prompt and accurate credit upon receipt of your wire. To make an additional investment by wire, please follow the wire instructions used to open an account.

How to Redeem Shares. You may request redemption of part or all of your Fund shares at any time. The price you receive will be the NAV next determined after the Fund receives your request in proper form, subject to the redemption fee described below if the shares have been held for 180 days or less are subject to a redemption fee of 2.00%. Once your redemption request is received in proper form, the Fund normally will mail or wire your redemption proceeds the next business day and, in any event, no later than seven calendar days after receipt of a redemption request. However, where securities have been sold to generate cash for payment of a redemption, your redemption proceeds will not be paid until the first business day after the sales proceeds are received by the Fund. Also, the Fund may hold payment of your redemption proceeds until the Transfer Agent is reasonably satisfied that the purchase check has cleared, which may be up to 12 days. In addition to the redemption procedures described below, redemptions may also be made through Financial Intermediaries who may charge a commission or other transaction fee.

Written Redemption. To redeem shares in the Fund please furnish a written, unconditional request to: Frontier Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For written redemption requests sent via overnight delivery, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. Your request must (i) be signed exactly as the shares are registered, including the signature of each owner and (ii) specify the number of Fund shares or dollar amount to be redeemed. The Transfer Agent may request additional documentation from corporations, executors, administrators, trustees, guardians, agents or attorneys-in-fact. Redemption proceeds may be wired to a commercial bank authorized on your account. Please note that if you redeem shares by wire, you will be charged a \$15 service fee. If you have redeemed all of your shares, the wire fee would be deducted from the redemption proceeds. If you have only redeemed a portion of your account, the fee will be deducted from the remaining balance in your account. If the dollar amount requested to be redeemed is greater than the current value of your account, your entire account balance may be redeemed.

Shareholders that invest through an IRA or other retirement plan must indicate on their redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding.

F R O N T I E R F U N D S

YOUR ACCOUNT *(continued)*

Purchases In Kind. Shares of the Fund may be purchased “in kind,” subject to the approval of Frontegra and/or Silk and its determination that the securities are acceptable investments for the Fund and that they have a value that is readily ascertainable in accordance with the Fund’s valuation policies. In an in kind purchase, investors transfer securities to the Fund in exchange for Fund shares. Securities accepted by the Fund in an in kind purchase will be valued at market value. In general, an investor transferring securities for shares will recognize a gain or loss, for federal income tax purposes, on an in kind purchase of the Fund, calculated as if the investor had sold the securities for their fair market value and used the proceeds to purchase shares of the Fund.

Redemptions In Kind. The Fund reserves the right to make a “redemption in kind” (a payment in portfolio securities rather than cash) if the amount you are redeeming is in excess of the lesser of (i) \$250,000 or (ii) 1% of the Fund’s assets. In such cases, you may incur brokerage costs in converting these securities to cash and would bear any market risk until the securities are converted into cash. For federal income tax purposes, redemptions in kind are taxed in the same manner as redemptions made in cash. The subsequent sale of securities received in kind may also result in realized gains or losses for federal income tax purposes.

Redemption Fee. A redemption fee of 2.00% will be charged on shares of the Fund redeemed (including in connection with an exchange) 180 days or less from their date of purchase. The 180 day period during which shares are subject to the redemption fee commences on the day after the shares are purchased. The redemption fee is paid directly to the Fund and is designed to offset brokerage commissions, market impact and other costs associated with short-term trading of Fund shares. For purposes of determining whether the redemption fee applies, the shares that were held the longest will be redeemed first. The redemption fee does not apply to:

- shares purchased through retirement plans in limited circumstances;
- shares acquired through re-investments of Fund distributions; or
- shares redeemed because of death or disability.

The Fund may waive the redemption fee in the case of hardship and in other limited circumstances with respect to certain types of redemptions or exchanges that do not indicate market timing strategies.

Signature Guarantees. Signature guarantees are required in the following circumstances:

- for redemption proceeds sent to any person, address or bank account not on record;
- for requests to wire redemption proceeds (if not previously authorized on the account);
- for redemption requests submitted within 30 days of an address change;
- when changing account ownership; and
- in other situations deemed necessary by the Transfer Agent or the Fund to protect against the possibility of fraud.

A signature guarantee may be obtained from any bank, savings and loan association, credit union, brokerage firm or other eligible guarantor institution, but not a notary public. Non-financial transactions, including establishing or modifying certain services on an account, may require a signature verification from a Signature Validation Program member or other acceptable form of authentication from a financial institution source, such as notarization from commercial banks or brokerage firms.

Account Termination. Your account may be terminated by the Fund on not less than 30 days’ notice if the value of the shares in an account falls below \$10,000 for Institutional Class shares and below \$1,000 for Service Class shares as a result of redemptions. Upon any such termination, a check for the redemption proceeds will be sent to the address of record within seven calendar days of the redemption. A termination of

F R O N T I E R F U N D S

YOUR ACCOUNT *(continued)*

your account by the Fund will result in the realization of a capital gain or loss determined by reference to the adjusted basis of the shares in the account terminated and the NAV of such shares on the date of the termination.

Householding. In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses and annual and semi-annual reports you receive by sending only one copy of each to those addresses shared by two or more accounts, and to shareholders the Fund reasonably believes are from the same family or household. If you would like to discontinue householding for your accounts, please call toll-free at 888-825-2100 to request individual copies of these documents. Once the Fund receives notice to stop householding, the Fund will begin sending individual copies thirty days after receiving your request. This policy does not apply to account statements.

Market Timing Policy. The Fund or Frontegra may determine from the amount, frequency and pattern of exchanges that a shareholder is engaged in excessive trading that is detrimental to the Fund or its other shareholders. Such short-term or excessive trading into and out of the Fund may harm all shareholders by disrupting investment strategies, increasing brokerage, administrative and other expenses, decreasing tax efficiency and diluting the value of shares held by long-term shareholders.

The Board has approved policies that seek to discourage frequent purchases and redemptions and curb the disruptive effects of frequent trading (the "Market Timing Policy"). Pursuant to the Market Timing Policy, the Fund may decline to accept an application or may reject a purchase request, including an exchange, from a market timer or an investor who, in the Fund's discretion in consultation with Frontegra or Silk, has a pattern of short-term or excessive trading or whose trading has been or may be disruptive to the Fund. In addition, the Fund reserves the right to reject any purchase, including an exchange, that could adversely affect the Fund or its operations. The Fund, Frontegra, Silk and their affiliates are prohibited from entering into arrangements with any shareholder or other person to permit frequent purchases and redemptions of Fund shares.

The Fund monitors and enforces the Market Timing Policy through:

- the termination of a shareholder's purchase and/or exchange privileges;
- selective monitoring of trade activity;
- the 2.00% redemption fee for redemptions or exchanges of shares 180 days or less after their date of purchase (determined on a first-in, first-out basis); and
- regular reports to the Board by the Fund's Chief Compliance Officer regarding any unusual trading activity and any waivers of the short-term redemption fee.

The Distributor or an affiliate has entered into shareholder information agreements with Financial Intermediaries, which enable the Distributor or an affiliate to request information to assist in monitoring for excessive short-term trading activity of individual shareholders within omnibus accounts. Omnibus accounts are accounts maintained by Financial Intermediaries on behalf of multiple beneficial shareholders. In some cases, the Fund may rely on the market timing policies of Financial Intermediaries, even if those policies are different from the Fund's policy, when the Fund believes that the policies are reasonably designed to prevent excessive trading practices that are detrimental to the Fund. If inappropriate trading is detected in an omnibus account, the Fund may request that the Financial Intermediary take action to prevent the underlying shareholder from engaging in such trading and to enforce the Fund's or the Financial Intermediary's market timing policy. There may be legal and technological limitations on the ability of Financial Intermediaries to restrict the trading practices of their clients, and they may impose restrictions or limitations that are different from the Fund's policies. As a result, the Fund's ability to monitor and discourage excessive trading practices in omnibus accounts may be limited.

FRONTIER FUNDS

DISTRIBUTIONS AND SHAREHOLDER SERVICING ARRANGEMENTS

Shares of the Fund may be offered through Financial Intermediaries. If you purchase Fund shares through a Financial Intermediary, you may be subject to different fees or policies than those set forth in this Prospectus.

Shareholder Servicing Fee (Service Class Shares Only). The Company, on behalf of the Fund's Service Class, has adopted a shareholders servicing plan (the "Service Plan"). Pursuant to the Service Plan, the Service Class shares of the Fund pay an annual shareholder servicing fee of up to 0.15% per year to the Distributor for payments to Financial Intermediaries who provide on-going account services to shareholders. Those services include establishing and maintaining shareholder accounts, mailing prospectuses, account statements and other Fund documents to shareholders, processing shareholder transactions and providing other administrative, recordkeeping, sub-accounting and other administrative services for Service Class shareholders.

Payments to Financial Intermediaries. From time to time, the Company or the Distributor may enter into arrangements with brokers or other Financial Intermediaries pursuant to which such parties agree to perform sub-transfer agent, record-keeping, shareholder servicing or other administrative services on behalf of their clients who are shareholders of the Fund. Pursuant to these arrangements, the Distributor or Frontegra may make payments to Financial Intermediaries for services provided to clients who hold shares of the Fund. In some circumstances, Institutional Class shares of the Fund may directly pay the intermediary for performing sub-transfer agent and other administrative services to clients who hold Institutional Class shares of the Fund through an omnibus account in an amount that is intended to compensate the intermediary for its provision of services of the type that are provided by the Transfer Agent. Service Class shares of the Fund pay a shareholder servicing fee as described above.

In addition, the Distributor or Frontegra may pay additional compensation to certain Financial Intermediaries. Under these arrangements, the Distributor or Frontegra may make payments from their own resources, and not as an additional charge to the Fund, to a Financial Intermediary to compensate it for distribution and marketing services, including the opportunity to distribute the Fund. For example, the Distributor or Frontegra may compensate Financial Intermediaries for providing the Fund with "shelf space" or access to a third party platform or fund offering list or other marketing programs, including, without limitation, inclusion of the Fund on preferred or recommended sales lists, mutual fund "supermarket" platforms, other formal sales programs and other forms of marketing support. The amount of these payments is determined from time to time by the Distributor or an affiliate and may differ among such Financial Intermediaries based upon one or more of the following factors: gross sales, current assets, the number of accounts of the Fund held by the Financial Intermediaries or other factors agreed to by the parties. These payments are in addition to any service fees payable under the shareholder servicing arrangement as noted above. The receipt of (or prospect of receiving) such compensation may provide the Financial Intermediary and its salespersons with an incentive to favor sales of Fund shares, or a particular class of those shares, over other investment alternatives. You may wish to consider whether such arrangements exist when evaluating recommendations from a Financial Intermediary.

EXCHANGE PRIVILEGE

You may exchange all or a portion of your investment between classes or from one Frontier Fund to another Frontier Fund at any time by written request, if you meet the minimum investment requirements for the class and fund into which you would like to exchange, and if the class and fund are open to new investors. The value of the shares to be exchanged and the price of the shares being purchased will be the NAV next determined after receipt of instructions for exchange in proper form. An exchange from one fund to another is treated, for federal income tax purposes, as a sale of the shares to be exchanged at their NAV and a subsequent use of the sales proceeds to purchase the replacement shares, and will result in the realization of a capital gain or loss determined by reference to your adjusted basis in the shares to be exchanged and the

FRONTIER FUNDS

EXCHANGE PRIVILEGE *(continued)*

NAV of those shares on the date of the exchange. Exchanges are not tax-free. However, a conversion from one class to another class within the same Fund will not be a taxable transaction.

Exchange requests should be directed to: Frontier Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For written exchange requests sent via overnight delivery, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. If your shares are held in an account with a Financial Intermediary, contact the Financial Intermediary. A Financial Intermediary may impose conditions on exchanges in addition to those disclosed in this prospectus.

Exchange requests may be subject to limitations under the Market Timing Policy to ensure that the exchanges do not disadvantage the Fund or its shareholders. The Company reserves the right to modify or terminate the exchange privilege upon 60 days' written notice to each shareholder prior to the modification or termination taking effect.

If you exchange your shares in the Fund for shares in any other Frontier Fund, you may be subject to the redemption fee described above under "Your Account – Redemption Fee."

VALUATION OF FUND SHARES

Shares of each class of the Fund are sold at their NAV. The NAV for each class of the Fund is calculated using the market value of the Fund's investments and is determined as of the close of trading (generally 4:00 p.m. Eastern Time) on each day the NYSE is open for business. The Fund does not determine NAV on days the NYSE is closed. The NYSE is closed on New Year's Day, Martin Luther King, Jr. Day, Washington's Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. The price at which a purchase order or redemption request is effected is based on the next calculation of NAV after we receive your transaction request in good order.

In determining the Fund's NAV, each equity security traded on a securities exchange, including NASDAQ, is valued at the closing price on the exchange on which the security is principally traded. Exchange-traded securities for which there were no transactions on a given day are valued at the most recent bid price. Securities not listed on a securities exchange are valued at the most recent sale price. If a non-exchange traded security does not trade on a particular day, the last quoted bid price will be used.

Debt securities are valued at the bid price provided by an independent pricing service ("Pricing Service"), which uses valuation methods such as matrix pricing and other analytical pricing models as well as market transactions and dealer bid quotations. Short-term investments maturing within 60 days or less, which are not priced by a pricing service, may be valued by the amortized cost method, which approximates fair value.

All ETFs are valued at the last reported sale price on the exchange on which the security is principally traded. If, on a particular day, an ETF does not trade, then the most recent quoted bid price will be used.

P-Notes are priced on the basis of valuations provided by a Pricing Service, using a methodology for P-Notes provided by a third-party analytics firm.

Any securities or other assets for which market valuations are not readily available or are unreliable are valued at fair value as determined by Frontegra or Silk in good faith and in accordance with procedures approved by the Board. Consequently, the price of a security used by the Fund to calculate its NAV may differ from the quoted or published price for the same security. The Fund may use fair value pricing if, for example, trading in a particular security is halted and does not resume before the Fund calculates its NAV or the exchange on which a security is traded closes early. Fair value pricing involves subjective judgments and it is possible that the fair value determined for a security is materially different from the value that could be realized upon the sale of that security. The fair value prices can differ from market prices when they become available or when a price becomes available.

FRONTIER FUNDS

VALUATION OF FUND SHARES *(continued)*

The Fund's securities may be listed on foreign exchanges that trade on days when the Fund does not calculate NAV. As a result, the market value of the Fund's investments may change on days when you cannot purchase or sell Fund shares. In addition, a foreign exchange may not value its listed securities at the same time that the Fund calculates its NAV. Prices of foreign securities or other assets quoted in foreign currencies are translated into U.S. dollars at current rates. If a significant event occurs in a foreign market after the close of the exchange that may affect a security's value, such security may be valued at its fair value pursuant to the procedures discussed above. The Fund has retained a Pricing Service to assist in valuing foreign securities in order to adjust for possible changes in value that may occur between the close of the foreign exchange and the time at which the Fund calculates its NAV. The fair value pricing service may employ quantitative models in determining fair value.

DISTRIBUTIONS AND FEDERAL INCOME TAX TREATMENT

As with any investment, you should consider how your investment in the Fund will be taxed. If your account is not a retirement account or other tax-advantaged savings plan (or you are not otherwise exempt from income tax), you should be aware of the following federal income tax implications.

On May 25, 2016, the Fund succeeded the tax basis of certain portfolio securities (the "Transferred Securities") acquired from a private investment fund (the "Private Fund") managed by Silk in the frontier markets strategy. Shareholders should be aware that as the Fund sells the Transferred Securities, any unrealized gain inherent in the Transferred Securities at the time the Fund acquired the Transferred Securities, along with any appreciation that occurred while the Fund held the Transferred Securities, may be recognized by the Fund, and any such recognized gain will be distributed to Fund shareholders and will be taxable to them for federal income tax purposes. Accordingly, a shareholder of the Fund may be taxed on appreciation that occurred before the shareholder purchased shares of the Fund, including appreciation that occurred prior to the Fund's acquisition of the Transferred Securities from the Private Fund.

Taxes on Distributions. The Fund intends to distribute substantially all of its investment company taxable income and net capital gain, if any, to shareholders at least annually. For federal income tax purposes, distributions of the Fund's investment company taxable income (which includes dividends, interest, the excess of any net short-term capital gain over net long-term capital loss, and net gains from foreign currency transactions) generally will be taxable to you as ordinary income whether reinvested in additional Fund shares or received in cash, unless such distributions are attributable to and reported by the Fund as "qualified dividend income" (generally, dividends received by the Fund from U.S. corporations and certain foreign corporations that are eligible for the benefits of a comprehensive tax treaty with the U.S.) and the shareholder satisfies certain holding period requirements. For non-corporate shareholders, "qualified dividend" income is currently eligible for the reduced federal income tax rates applicable to long-term capital gains. Currently, the maximum federal income tax rate applicable to long-term capital gains, and thus to qualified dividend income, is 20%.

If the Fund distributes any net capital gain (the excess of net long-term capital gain over net short-term capital loss), then such distributions will be taxable as long-term capital gains whether reinvested in additional Fund shares or received in cash and regardless of the length of time you have owned your shares. The Fund will inform shareholders of the federal income tax status of all distributions after the close of each calendar year.

When the Fund makes a distribution, the Fund's NAV decreases by the amount of the distribution. If you purchase shares shortly before a distribution, you will be subject to income taxes on the distribution, even though the value of your investment (plus cash, Fund shares, or in kind securities received in the distribution, if any) remains the same. The Fund expects that, because of its investment objective, its distributions will consist primarily of net capital gain. All distributions will automatically be reinvested in shares of the Fund at the then prevailing NAV unless you specifically request that either distributions of investment company taxable income or net capital gain or both be paid in cash. If

FRONTIER FUNDS

**DISTRIBUTIONS AND FEDERAL
INCOME TAX TREATMENT** *(continued)*

you elect to receive distributions in cash, and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for six months, the Fund reserves the right to reinvest the distribution check in your account, at the Fund's then current NAV, and to reinvest all subsequent distributions.

The election to receive distributions in cash or reinvest them may be changed by writing to: Frontier Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For overnight deliveries, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. Such notice must be received at least five business days prior to the record date of any distribution.

Taxes on Sales, Redemptions and Exchanges. Your sale, exchange or redemption of Fund shares will generally result in a taxable capital gain or loss to you, depending on whether the sale, exchange or redemption proceeds, including in kind proceeds, are more or less than your adjusted basis in the sold, exchanged or redeemed shares (generally, the amount you paid for the shares). Generally, the capital gain or loss will be long-term if you have held your Fund shares for more than one year and short-term if you have held your Fund shares for one year or less. Any capital loss arising from the sale, exchange or redemption of Fund shares held for six months or less, however, is treated as a long-term capital loss to the extent of any distributions of net capital gain received or deemed to be received with respect to such shares. As discussed above under "Exchange Privilege," an exchange of Fund shares for shares in any other Frontier Fund generally will have similar tax consequences to a sale or redemption of Fund shares. If you purchase Fund shares (through reinvestment of distributions or otherwise) within 30 days before or after selling, exchanging or redeeming Fund shares at a loss, all or part of that loss will not be deductible and will instead increase the basis of the new shares.

Medicare Tax. In addition to the federal income tax, certain individuals, trusts and estates may be subject to a Medicare tax of 3.8%. The Medicare tax is imposed on the lesser of (i) a taxpayer's investment income, net of deductions properly allocable to such income, or (ii) the amount by which the taxpayer's modified adjusted gross income exceeds certain thresholds (\$250,000 for married individuals filing jointly, \$200,000 for unmarried individuals, and \$125,000 for married individuals filing separately). The Fund's distributions are includable in a shareholder's investment income for purposes of this Medicare tax. In addition, any capital gain realized on the sale, exchange or redemption of Fund shares is includable in a shareholder's investment income for purposes of this Medicare tax.

Withholding. Except in cases of certain exempt shareholders, including most corporations, if you do not furnish the Fund with your correct Social Security Number or Taxpayer Identification Number or the Fund receives notification from the Internal Revenue Service requiring back-up withholding, the Fund is required by federal law to withhold federal income tax from your distributions and redemption proceeds, currently at a rate of 28% for U.S. residents.

Foreign Tax Considerations. Some foreign governments levy withholding taxes against dividend and interest income or assess taxes on capital gains. Although in some countries a portion of these taxes is recoverable, the non-recovered portion will reduce the return on the Fund's securities. The Fund may elect to pass through to you your pro rata share of foreign income taxes paid by the Fund if more than 50% of the value of the Fund's total assets at the close of its taxable year consists of foreign stocks and securities. The Fund will notify you if it makes such an election.

Cost Basis Reporting. The Fund is required to report to certain shareholders and the IRS the cost basis of Fund shares when the shareholder subsequently sells, exchanges or redeems those shares. The Fund will determine the cost basis of such shares using the average cost method unless you elect in writing any alternative IRS-approved cost basis method. Please see the SAI for more information regarding cost basis reporting.

This section is not intended to be a full discussion of federal income tax laws and the effect of such laws on you. There may be other federal, state, foreign or local tax considerations applicable to a particular shareholder. You are urged to consult your own tax adviser.

Please see the SAI for more information about taxes.

FRONTIER FUNDS

PRIVACY POLICY

Protecting the privacy of Fund shareholders is important to us. The following is a description of the practices and policies through which the Fund maintains the confidentiality and protects the security of your non-public personal information.

What Information We Collect

In the course of providing services to you, we may collect the following types of “non-public personal information” about you:

- Information we receive from you on applications or other forms, such as your name, address and social security number, the types and amounts of investments and bank account information, and
- Information about your transactions with us, our affiliates and others, as well as other account data.

“Non-public personal information” is non-public information about you that we obtain in connection with providing a financial product or service to you, such as the information described in the above examples.

“Affiliates” include companies that act as investment advisers to Frontier Funds, Inc. and/or are related to Frontier Funds, Inc. through common control or ownership. Affiliates include the Fund’s investment adviser, Frontegra Asset Management, Inc., Timpani Capital Management LLC, an affiliated investment adviser, Frontier Partners, Inc., a consulting/marketing firm, and Frontegra Strategies, LLC, the principal distributor of the Fund’s shares.

What Information We Disclose

We do not disclose non-public personal information about you or any of our former shareholders to anyone, except as permitted by law. We are permitted by law to share any of the information we collect, as described above, with our affiliates. In addition, in the normal course of serving shareholders, information we collect may be shared with companies that perform various services such as subadvisers, transfer agents, custodians and broker-dealers. These companies will use this information only for the services for which we hired them and as allowed by applicable law.

Confidentiality and Security Procedures

To protect your personal information, we permit access only by authorized personnel. We maintain physical, electronic and procedural safeguards to protect the confidentiality, integrity and security of your non-public personal information.

We will continue to adhere to the privacy policies and practices in this notice even after your account is closed or becomes inactive.

Additional Rights

You may have other privacy protections under applicable state laws. To the extent those state laws apply, we will comply with them with respect to your non-public personal information.

Additional information regarding the Company and the Fund is included in the SAI, which has been filed with the SEC. The SAI is incorporated into this Prospectus by reference and therefore is legally part of this Prospectus. Further information about the Fund's investments is available in the Fund's annual and semi-annual reports to shareholders as they become available. The Fund's annual report will provide a discussion of the market conditions and investment strategies that significantly affected the Fund's performance during the last fiscal year once the Fund's financial statements cover a period of more than six months. You may receive the SAI, annual report and semi-annual report free of charge, request other information about the Fund and make general inquiries by contacting the Company at the address below or by calling, toll-free, 1-888-825-2100. The SAI is and the shareholder reports are also available, free of charge, on the Company's website at <http://www.frontiermutualfunds.com>.

Information about the Fund (including the SAI) can be reviewed and copied at the SEC's Public Reference Room in Washington, D.C. Please call the SEC at 1-202-551-8090 for information relating to the operation of the Public Reference Room. Reports and other information about the Fund are also available on the EDGAR database on the SEC's Internet site located at <http://www.sec.gov>. Alternatively, copies of this information may be obtained, upon payment of a duplicating fee, by electronic request to the following e-mail address: publicinfo@sec.gov, or by writing the Public Reference Section of the SEC, Washington, D.C. 20549-1520.
